# LETTER TO HON. E. W. HILL

Columbus, January 16.—(Special).—Representative Hill has received a communication from the East Liverpool board of public service, requesting that changes be made in the code relative to the regulation for boards of public service. Some valuable suggestions are made, and Mr. Hill is inclined to believe that a bill embodying them will be put through. In reply to a question as to whether he would introduce the measure, he said he did not know—that will depend on circumstances. Here is what the board recommends:

First—That the tenure of office as it now exists be changed so that the term that not more than one member of the board, where there are three members, and not more than two, where there are five members, shall expire in the same year.

Second—That the method by which street and sidewalk improvements and repairs of streets and sidewalks are authorized shall be shortened and simplified, under the present law it takes at least four months to legally begin such improvements.

Third—That where a permanent improvement is made, a law be made that the sewer, water and gas connections shall be carried to the curb line, and that the expense of the same shall be assessed against the abutting property.

Fourth—That the assessments for the construction of sewers may be made prior to the time when the work is commenced.

# DEEP SORROW FELT AT THE STATE CAPITAL

## THE DEATH OF EX-GOV. BUSH- NELL IS LAMENTED.

### Two of Ohio's Distinguished Sons Taken Away Within a Week.

Columbus, January 16.—(Special).—Sorrow, deep sorrow is felt at the state capital over the death of ex-Governor Bushnell. Poignant indeed is the grief because within one week's time Ohio suffers the loss of two of her greatest and most favored sons. ex-Governor Foster passed away last week; ex-Governor Bushnell yesterday; Ohio is overwhelmed with sorrow and weeps bitter tears. The death of each was tragic—the one like that of the other. Each was stricken suddenly, and in each instance the end came soon. The passing of each was not attended by apparent physical suffering—it seemed a peaceful transition, a descent to quiet slumber.

Thousands experience a personal bereavement in the death of these two men. Governor Bushnell was warm-hearted with a sunny disposition that spread gladness wherever he went. His was always light-hearted and his joviality was a certain panacea for gloominess. Senator Hanna, in his speech of acceptance of the election of United States senator, referred eloquently and with great feeling to the sad bereavement into which the state and the relatives of these illustrious sons of Ohio had been plunged. He was greatly affected, and there were tears in his eyes as there were in those of most of his hearers when he spoke. The funeral of Governor Bushnell will be held at Springfield Monday afternoon. The state capital will be closed and the state officials will attend the obsequies.

State Librarian Galbreath, who was one of Governor Bushnell's closest friends, will be an active pall bearer.

Lisbon, January 16.—(Special).—A letter received last evening by Mrs. W. C. Nevin says that her sister, Miss Jennie Morrow, injured in the Chicago theater disaster, is improving gradually.

# NEW OHIO LAWS AS TO MARRIAGE

## Bills Regulating Licences and Al- Divorce Cases Will Be Stringent.

# THE PROPOSED CHANGES

Columbus, January 16.—(Special).—The new divorce and marriage bills drafted by the committee of the state bar association, consisting of Judge Warren W. Hole, of Salem; E. B. King, of Sandusky, and E. B. Dillon, of this city, are to be introduced in the general assembly by Senator Heinlein, of Belmont.

The changes in the marriage laws and the divorce laws will be embodied in two bills. It is probable that the bills will be offered in both the house and the senate so that there may be a saving of time.

The chief change in the laws on marriage is the abolition of the bans. Under the present law in Ohio a license is not a necessity, if the old English custom of publishing bans is followed. When this is done there is no record of the marriage in the courts. This is to be done away with so that there will be a record of each marriage and in addition to this license is to be issued unless the bride is a bona fide resident of the county in which the application for a license is made.

The proposed changes in the divorce laws are chiefly those suggested some months ago by Judge Dillon. It is proposed that all divorce cases shall be contested. If one of the parties fails to contest the court will appoint an attorney to resist the petition and the plaintiff will have to pay the expense. Still another provision is that no divorce shall be granted until six months after the case is submitted. In case of gross neglect of duty the neglect must extend over a period of three years.

The bill in no wise conflicts with the bill now pending in the house, which provides that in granting a divorce the court may forbid either or both parties marrying within a year of the granting of the decree.

# A COUNTY CHARGE

## Is Charles H. Bush, Who Was For- merly a Councilman at Alliance.

Lisbon, January 16.—(Special).—Supt. E. R. Riddle, of the county infirmary, was at Salem yesterday, where he met the Stark county infirmity directors who had charge of Charles H. Bush, an inmate of the Stark county institution. Bush was employed at the patrol station in Salem some months about three years ago and it was maintained he was a Columbiana county charge.

It was shown, however, that his last residence was in Stark county. Bush was at one time a prominent Alliance councilman.

## Will of Burton Sinclair.

Lisbon, January 16.—(Special).—The will of the late Burton Sinclair, of Butler township, has been admitted to probate. He leaves to his sons, Walter and Wilmer, \$300 each, and to his son Marion \$400. To each of his grandchildren, Roy and Charles Bay, Effie Elton, Bessie Rosenkrantz, Bertha Clutter, Ethel and Perry Borton, he bequeaths \$100. The residue of the estate is to be divided equally among his four children, Walter, Wilmer and Marion Sinclair and Nettie Borton. Robert Elyson is named as executor.

# JOHN BIDDLE'S EXPERIENCE

While in a state of delirium, caused by a severe attack of fever, John Biddle, the well known baggage and transfer man, of West Market street, had a most thrilling experience and narrow escape from death on Tuesday night at his home. As a result he is now suffering from a terribly bruised shoulder, back and arm, with indications of his remaining abed for a long time.

Mr. Biddle was stricken ill with a cold the latter part of last week and on Monday it developed into fever, and on Tuesday he was delirious most of the time. Members of the family gave him careful attention throughout the day and when he went to sleep in the evening they did not think it necessary to hold watch over him. For several hours he slept peacefully, but shortly after midnight the fever became more severe and another spell of delirium set in. In this temporary state of madness he arose from his bed and started walking around the apartment.

In his wanderings he reached the top of the stairs and another step sent him on an awful plunge toward the bottom. He fell down a flight of 15 steps. The injuries sustained aroused him from unconsciousness and he began to cry aloud for assistance. The cries awakened the family and when he was found by them it was at first thought that he had been fatally hurt. Lying on his back and giving vent to expressions of anguish, also unable to move, the picture was one foreboding seriousness. The injured man was picked up tenderly and carried back to his bed when Drs. Hobbs and Bailey were summoned. They made a hasty examination and pronounced the injuries as not fatal, but nevertheless dangerous.

Mr. Biddle is confident that none of the injuries will be permanent and it is the hope of his numberless friends that he will be out in a short time.

# BOY KNOCKED DOWN BY FRIGHTENED HORSE

## Fell Beneath the Animal's Feet, But Fortunately Escaped Injury.

Corbett Watters, aged 12 years, was knocked down by a frightened horse on Sixth street during the noon hour today. He was running across the street to get closer to the band that was playing in front of the opera house, when a horse that had been scared by the band plunged to the side of the street, ran against the boy and seemingly stepped on him in numerous places.

Bystanders were horrified at the scene and stood breathless while the lad was undergoing the experience. When the horse finally started ahead and left the boy lying on the snow scores rushed to his side, and all were made happy when it was discovered that he had not been hurt in the least.

# The Estate Insolvent.

Lisbon, January 16.—(Special).—Fred D. Lodge, of Columbiana, as administrator of the estate of John Flickinger, of that town, has filed a representation of the insolvency of the estate. The estate was originally valued at \$360, which the cost of administration and other preferred claims have reduced to \$133. There are \$253 in claims against the estate.

# AUTHORIZED TO ACT

Charles F. A. Johnson, who was here investigating the sanity of Charles E. Kruger, is a Philadelphia newspaper man, employed by the Public Ledger of that city. He has been authorized by the murderer's parents to act for them in their son's behalf in seeking to have the Kruger case reviewed by the board of pardons.

Mr. Jackson visited the Betowskys yesterday and got a complete history of the family. The boy has been a wanderer for some years.

## President Duffy Returns.

President Thomas J. Duffy, of the N. B. of O. P., returned last night from a trip to East Palestine, Salem and Barberton, in the interests of the Brotherhood. There is no change in the strike situation at the latter plant.

# THE CROSSINGS MUCH NEGLECTED

## To Cross an East Liverpool Street Now Is a Task to Be Dreaded.

# ACTION IS INSISTED ON

Complaints by the score have been registered during the past few days about the unexcusable condition of the streets, but more especially the crossings. It was stated this morning by a prominent citizen that the crossings were never known to be so badly in need of attention. Though it would be almost an impossibility to keep the streets of East Liverpool clear from the slush that now covers them, it would not be a hard matter to protect the pedestrians by removing the icy snow from the crossings, and the citizens feel that they are justified in remonstrating.

Investigation proves that the neglect is the result of a warning issued to the board of public service not to contract for or order any work done when there is no money appropriated with which to pay for it. However, it is thought that something should be done and whoever may be responsible for the conditions should be impressed with the necessity of immediate action. It was expected that action would be taken by the service board last evening, but that body failed to get together and today the streets are worse off than ever with nothing indicative of improvement.

The service board, according to the clerk, did not meet because it has no money at its command. The city can not be operated on wind and the public service department can not be busy unless an appropriation is made. The members of that body complied with the wishes of council when asked to submit a requisition for the money needed during the first six months of the year, and they feel that it is high time that council is submitting to them their final estimate.

The appropriation is now entirely in the hands of the finance committee and until it acts several departments of the city will be lifeless. It could not be ascertained today when the committee will meet, but a general protest will be forthcoming in a few days if the ordinance is not completed and passed.

# SCAFFOLD BROKE AND MEN FELL

## THREE WORKMEN INJURED AT THE NEW STEIN BUILDING.

Took a Tumble of 15 Feet And Two Were Painfully Bruised.

The breaking of a scaffold at the new Stein building, Washington street, this morning resulted in the painful injury of two men, George Gluth and Billy Sheehan, both bricklayers of Chester. They, together with John Stern, a hod carrier, were working on the scaffold when it gave way and hurled them to the ground below.

Gluth and Sheehan sustained badly bruised heads, requiring the attention of a physician, and Stern received a sprained arm.

# Good Position Secured.

## Lisbon, January 16.—(Special).—George, son of Superintendent and Mrs. E. R. Riddle, of the Columbiana county infirmary, has accepted a position in the company store of the Glen Easton Coal & Coke company, Moundsville, W. Va., and will leave for that town next Wednesday.

# PURE WATER

## To Be Supplied Schools For Drinking Pur- poses.

# A CONTRACT IS LET

## By the Board of Education For Eight of the Schools.

# A VERY IMPORTANT MATTER

Acting upon a suggestion made by many patrons of the East Liverpool schools, the board of education has closed a deal with George H. Hale, whereby the eight buildings under the jurisdiction of the board in the city proper will be supplied with spring water the year round.

The move has been under consideration for a long time. Many of the citizens who take an interest in educational matters and the welfare of the pupils of the city schools have been urging such action for a long time, and though the city has been remarkably lucky in the matter of escaping epidemics of fever and other maladies traceable to an impure water supply, the precaution is thought to be a wise one.

Mr. Hale's spring is in the vicinity of Dry Run, and he will enter upon his contract Monday morning. To the present he has conducted but one wagon, that being thought sufficient to keep the trade supplied. In order not to interfere with the regular traffic, and at the same time give the schools the service they require, another wagon will be put into the trade. It is his intention to devote one wagon exclusively to the schools, and the supply will be given out as follows: Horace Mann building, East End building, Fourth street, Third street, Sixth street, Sheridan avenue, Bradshaw avenue, McKinley avenue. Mr. Hale has ordered a sufficient number of stone tanks to supply every room in the city with one, and these will be kept in a perfect sanitary condition at all times.

There are several other buildings under the charge of the local board of education, but they are located in districts where spring or well water can be procured without the least inconvenience. The board is being commended upon every hand for its action.

# HIS RECOVERY VERY DOUBTFUL

# BOY RUN DOWN BY CAR IN CRIT- ICAL STATE.

## Little Willie Richardson's Injuries Far More Serious Than First Reported.

Willie Richardson, the little 10-year-old lad who was injured yesterday by being run down by a line car on the East Liverpool railway, as reported in the News Review, is still confined to the Taylor hospital with a very meagre chance for recovery.

The boy was much more severely injured than the first information indicated, and he has little chance for recovery unless some speedy relief is afforded. The lad sustained a very bad rupture to the bladder, and his abdomen is now swollen and inflamed until the possibility for recovery is remote. Dr. Taylor performed an operation this afternoon in the hope that the suffering boy might be relieved, and though an anæsthetic was administered, the pain was very great. The operation was partially successful, and will be repeated at intervals as long as he can be kept alive.

The wound in the back of Richardson's head has given him little trouble, and it is thought could be healed in a very short time were it not for the injuries of an internal nature.

# Will Conduct Installation.

Mrs. Anna Hall, past national president of the Ladies of the G. A. R., of Wheeling, arrived in the city today and this evening will act as installing officer at a meeting of McCoy circle in the G. A. R. hall. The installation will be open and all are invited. Following the installation refreshments will be served.

# Evidence Not Sufficient.

## The case against Tallis McCain, of Second street, charged with keeping open his saloon on Sunday, was dismissed yesterday afternoon. After hearing the testimony the mayor stated that he did not think the evidence sufficient to find the defendant guilty.

# PECULIAR ACCIDENT TO AN ENGINE

## The Whistle Was Detached and Blown Far Out Into the River.

A peculiar accident to engine No. 41, drawing the pay car, occurred at Walker's yesterday morning. The steam pressure from the boilers became so great on the closed valves of the whistling mechanism that it was detached from the engine and blown far out into the river.

The escaping steam soon had the engine surrounded with a great white cloud and the crew was compelled to leave it until all the steam had escaped. They were not hurt, although they stood in danger of being scalded.

Word was sent to Wellsville and as soon as possible another engine was sent to the scene. The accident delayed the pay car more than an hour.

# TRAP TO CATCH THE UNWARY

## General Opinion of an Alluring Circular That Is Flooding the City.

# POSTAL LAWS VIOLATED

The city has recently been flooded with circular letters coming through the mails from a New York publishing house, the contents of which are calculated to induce the unwary ones to invest. Scores of persons have complied with the requests made in the letter and to the present there is not a case on record where they have received anything for their money. The "puzzles," for the solution of which great prizes are offered, are such as any school boy could solve in a few minutes. The letter, which is a type-written document, containing the letter head of a publishing house, reads as follows:

"Dear Friend—We beg to inform you of the closing of the several prize contests offering special rewards during the past year.

"The letters of persons sending correct solutions have been examined. Your answer was found correct.

"We shall distribute rewards on hand and you will receive a genuine silver dessert set, gold lined and guaranteed quadruple silver plate (fully guaranteed) upon receipt by us of the enclosed memorandum, accompanied by remittance for the subscription, boxing and packing charges. As we desire to close this transaction without delay, please act promptly.

"Unless we receive your reply as stated to this final notice within 12 days from date, you will have no further claim on the prize. If your remittance is received too late it will be returned.

"A full warranty, duly signed, will be sent you with the prize, and if not exactly as represented, it may be returned to us immediately and we will cancel your subscription and refund the amount of your remittance."

Accompanying the letter is a blank to be filled out and forwarded to the eastern concern, asking it to find enclosed \$1.37 to cover the expense of packing, drayage and shipment. The amount is not large, and it is known that at least half a hundred marks have been found in this community.

The unreasonableness of the proposition can be seen when it is known that in no case has the party written to ever answered a puzzle, and is therefore not entitled to receive a prize. The wonder is that the game found so many victims. The best informed people of the city have been consulted with reference to the scheme and all agree that it is a direct violation of the postal laws, and should be stopped.

# Arrangements Made For An Oratori- cal Contest at Salem in May.

Lisbon, January 16.—(Special).—A meeting of superintendents and principals of high schools in the northern part of the county, was held in Leetonia today to consider the advisability of organizing a county league. Action was taken looking to the organization of such a league, and it was decided to hold an oratorical contest at Salem May 6, the contest being participated in by pupils of the schools represented.

Those present at the meeting are: Supt. J. S. Johnson and Principal B. F. Stanton, of Salem; Supt. J. W. Moore and Principal J. M. McLaughlin, Leetonia; Supt. H. M. Crooks, Lisbon; Supt. E. O. Trescott, Columbiana, and Principal C. C. Underwood, East Palestine.

The feasibility of the undertaking was fully discussed and results in preliminary arrangements being made for the contest at Salem.

# ROAST GOOSE

## Theft of a Common Fowl May Lead to Many Arrests.

# BLOOD ON THE SNOW

## Caused Suspicion to Rest Up- on a Neighbor's Family.

# SUSPECTS TOOK TO FLIGHT

The stealing of a goose from the coal house of Benjamin Kaufman, Third street, will likely result in the arrest of an entire family, who will be compelled to appear before the mayor and answer to a charge of burglary. The goose, valued at \$1.50, was stolen during the hours of last night and if the suspicions of the officers are correct, it was cooked and eaten before midnight.

Kaufman, who is a night watchman employed in one of the local potteries, applied to Chief Wyman for aid in locating the thieves, who, he said, had entered his coal house. He stated that he had conclusive evidence and the chief was soon much interested. Mr. Kaufman stated that his wife heard a big noise at the rear of their yard at about 10 o'clock last night, and now it is supposed that the goose was taken at that time. Its disappearance was discovered this morning and upon making an investigation suspicion at once rested on a family of Sieberts, living next door. Kaufman could plainly see blood scattered over the snow at the rear of the Siebert home and foot prints were visible coming from the direction of the same place.

So confident was Kaufman that the Sieberts knew something of the theft that he requested a search warrant and an officer to investigate. Mayor Weaver complied with the request and Officer Morris was detailed on the case. Accompanied by Kaufman he went to the Siebert home and found evidence enough to warrant him in making a search for the members of the family. In the house he found many proofs that a goose had been killed during the night. There were feathers and feet in the kitchen and in the closet more feathers were seen.

In the Siebert family there are three brothers and the wife of George Siebert. While Kaufman was at the city hall all of them disappeared, which is another evidence accepted by the police as conclusive that they know of the theft.

The charge that will be preferred against those who stole the goose is a very serious one, and if any one is so disposed the guilty parties could be pushed even to the penitentiary.

Two of the Siebert brothers, George and James, were arrested this afternoon at the home of their mother. John will be arrested later.

Injury.

Corbett Watters, aged 12 years, was knocked down by a frightened horse on Sixth street during the noon hour today. He was running across the street to get closer to the band that was playing in front of the opera house, when a horse that had been scared by the band plunged to the side of the street, ran against the boy and seemingly stepped on him in numerous places.

Bystanders were horrified at the scene and stood breathless while the lad was undergoing the experience. When the horse finally started ahead and left the boy lying on the snow scores rushed to his side, and all were made happy when it was discovered that he had not been hurt in the least.

## The Estate Insolvent.

Lisbon, January 16.—(Special).—Fred D. Lodge, of Columbiana, as administrator of the estate of John Flickinger, of that town, has filed a representation of the insolvency of the estate. The estate was originally valued at \$360, which the cost of administration and other preferred claims have reduced to \$133. There are \$253 in claims against the estate.

## AUTHORIZED TO ACT

For the Betowskys in Securing a Re-  
hearing for Charles E.  
Kruger.

Charles E. A. Johnson, who was here investigating the sanity of Charles E. Kruger, is a Philadelphia newspaper man, employed by the Public Ledger of that city. He has been authorized by the murderer's parents to act for them in their son's behalf in seeking to have the Kruger case reviewed by the board of pardons.

Mr. Jackson visited the Betowskys yesterday and got a complete history of the family. The boy has been a wanderer for some years.

## President Duffy Returns.

President Thomas J. Duffy, of the N. B. of O. P., returned last night from a trip to East Palestine, Salem and Barberton, in the interests of the Brotherhood. There is no change in the strike situation at the latter plant.

## THE CROSSINGS MUCH NEGLECTED

To Cross an East Liverpool Street  
Now Is a Task to Be  
Dreaded.

## ACTION IS INSISTED ON

Complaints by the score have been registered during the past few days about the unexcusable condition of the streets, but more especially the crossings. It was stated this morning by a prominent citizen that the crossings were never known to be so badly in need of attention. Though it would be almost an impossibility to keep the streets of East Liverpool clear from the slush that now covers them, it would not be a hard matter to protect the pedestrians by removing the icy snow from the crossings, and the citizens feel that they are justified in remonstrating.

Investigation proves that the neglect is the result of a warning issued to the board of public service not to contract for or order any work done when there is no money appropriated with which to pay for it. However, it is thought that something should be done and whoever may be responsible for the conditions should be impressed with the necessity of immediate action. It was expected that action would be taken by the service board last evening, but that body failed to get together and today the streets are worse off than ever with nothing indicative of improvement.

The service board, according to the clerk, did not meet because it has no money at its command. The city can not be operated on wind and the public service department can not be busy unless an appropriation is made. The members of that body complied with the wishes of council when asked to submit a requisition for the money needed during the first six months of the year, and they feel that it is high time that council is submitting to them their final estimate.

The appropriation is now entirely in the hands of the finance committee and until it acts several departments of the city will be lifeless. It could not be ascertained today when the committee will meet, but a general protest will be forthcoming in a few days if the ordinance is not completed and passed.

## SCAFFOLD BROKE AND MEN FELL

THREE WORKMEN INJURED AT  
THE NEW STEIN BUILDING.

Took a Tumble of 15 Feet And Two  
Were Painfully  
Bruised.

The breaking of a scaffold at the new Stein building, Washington street, this morning resulted in the painful injury of two men, George Gluth and Billy Sheehan, both bricklayers of Chester. They, together with John Stern, a hod carrier, were working on the scaffold when it gave way and hurled them to the ground below.

Gluth and Sheehan sustained badly bruised heads, requiring the attention of a physician, and Stern received a sprained arm.

Taken to Fairmount—Harry A. Seibert and John Beadnell, two boys under 12 years of age, were taken to the children's home at Fairmount this morning.

## PURE WATER

To Be Supplied Schools  
For Drinking Pur-  
poses.

## A CONTRACT IS LET

By the Board of Education For  
Eight of the  
Schools.

## A VERY IMPORTANT MATTER

Acting upon a suggestion made by many patrons of the East Liverpool schools, the board of education has closed a deal with George H. Hale, whereby the eight buildings under the jurisdiction of the board in the city proper will be supplied with spring water the year round.

The move has been under consideration for a long time. Many of the citizens who take an interest in educational matters and the welfare of the pupils of the city schools have been urging such action for a long time, and though the city has been remarkably lucky in the matter of escaping epidemics of fever and other maladies traceable to an impure water supply, the precaution is thought to be a wise one.

Mr. Hale's spring is in the vicinity of Dry Run, and he will enter upon his contract Monday morning. To the present he has conducted but one wagon, that being thought sufficient to keep the trade supplied. In order not to interfere with the regular traffic, and at the same time give the schools the service they require, another wagon will be put into the trade. It is his intention to devote one wagon exclusively to the schools, and the supply will be given out as follows: Horace Mann building, East End building, Fourth street, Third street, Sixth street, Sheridan avenue, Bradshaw avenue, McKinley avenue. Mr. Hale has ordered a sufficient number of stone tanks to supply every room in the city with one, and these will be kept in a perfect sanitary condition at all times.

There are several other buildings under the charge of the local board of education, but they are located in districts where spring or well water can be procured without the least inconvenience. The board is being commended upon every hand for its action.

## HIS RECOVERY VERY DOUBTFUL

BOY RUN DOWN BY CAR IN CRIT-  
ICAL STATE.

Little Willie Richardson's Injuries Far  
More Serious Than First  
Reported.

Willie Richardson, the little 10-year-old lad who was injured yesterday by being run down by a line car on the East Liverpool railway, as reported in the News Review, is still confined to the Taylor hospital with a very meagre chance for recovery.

The boy was much more severely injured than the first information indicated, and he has little chance for recovery unless some speedy relief is afforded. The lad sustained a very bad rupture to the bladder, and his abdomen is now swollen and inflamed until the possibility for recovery is remote. Dr. Taylor performed an operation this afternoon in the hope that the suffering boy might be relieved, and though an anaesthetic was administered, the pain was very great. The operation was partially successful, and will be repeated at intervals as long as he can be kept alive.

The wound in the back of Richardson's head has given him little trouble, and it is thought could be healed in a very short time were it not for the injuries of an internal nature.

## Good Position Secured.

Lisbon, January 16.—(Special).—George, son of Superintendent and Mrs. E. R. Riddle, of the Columbiana county infirmary, has accepted a position in the company store of the Glen Easton Coal & Coke company, Moundsville, W. Va., and will leave for that town next Wednesday.

## PECULIAR ACCIDENT TO AN ENGINE

The Whistle Was Detached and Blown  
Far Out Into the  
River.

A peculiar accident to engine No. 41, drawing the pay car, occurred at Walker's yesterday morning. The steam pressure from the boilers became so great on the closed valves of the whistling mechanism that it was detached from the engine and blown far out into the river.

The escaping steam soon had the engine surrounded with a great white cloud and the crew was compelled to leave it until all the steam had escaped. They were not hurt, although they stood in danger of being scalded.

Word was sent to Wellsville and as soon as possible another engine was sent to the scene. The accident delayed the pay car more than an hour.

## TRAP TO CATCH THE UNWARY

General Opinion of an Alluring  
Circular That Is Flooding  
the City.

## POSTAL LAWS VIOLATED

The city has recently been flooded with circular letters coming through the mails from a New York publishing house, the contents of which are calculated to induce the unwary ones to invest. Scores of persons have complied with the requests made in the letter and to the present there is not a case on record where they have received anything for their money. The "puzzles" for the solution of which great prizes are offered, are such as any school boy could solve in a few minutes. The letter, which is a type-written document, containing the letter head of a publishing house, reads as follows:

"Dear Friend—We beg to inform you of the closing of the several prize contests offering special rewards during the past year.

"The letters of persons sending correct solutions have been examined. Your answer was found correct.

"We shall distribute rewards on hand and you will receive a genuine silver dessert set, gold lined and guaranteed quadruple silver plate (fully guaranteed) upon receipt by us of the enclosed memorandum, accompanied by remittance for the subscription, boxing and packing charges. As we desire to close this transaction without delay, please act promptly.

"Unless we receive your reply as stated to this final notice within 12 days from date, you will have no further claim on the prize. If your remittance is received too late it will be returned.

"A full warranty, duly signed, will be sent you with the prize, and if not exactly as represented, it may be returned to us immediately and we will cancel your subscription and refund the amount of your remittance."

Accompanying the letter is a blank to be filled out and forwarded to the eastern concern, asking it to find enclosed \$1.37 to cover the expense of packing, drayage and shipment. The amount is not large, and it is known that at least half a hundred marks have been found in this community.

## Will Conduct Installation.

Mrs. Anna Hall, past national president of the Ladies of the G. A. R., of Wheeling, arrived in the city today and this evening will act as installing officer at a meeting of McCoy circle in the G. A. R. hall. The installation will be open and all are invited. Following the installation refreshments will be served.

## Evidence Not Sufficient.

The case against Tallis McCain, of Second street, charged with keeping open his saloon on Sunday, was dismissed yesterday afternoon. After hearing the testimony the mayor stated that he did not think the evidence sufficient to find the defendant guilty.

## ROAST GOOSE

Theft of a Common  
Fowl May Lead to  
Many Arrests.

## BLOOD ON THE SNOW

Caused Suspicion to Rest Up-  
on a Neighbor's  
Family.

## SUSPECTS TOOK TO FLIGHT

The stealing of a goose from the coal house of Benjamin Kaufman, Third street, will likely result in the arrest of an entire family, who will be compelled to appear before the mayor and answer to a charge of burglary. The goose, valued at \$1.50, was stolen during the hours of last night and if the suspicions of the officers are correct, it was cooked and eaten before midnight.

Kaufman, who is a night watchman employed in one of the local potteries, applied to Chief Wyman for aid in locating the thieves, who, he said, had entered his coal house. He stated that he had conclusive evidence and the chief was soon much interested. Mr. Kaufman stated that his wife heard a big noise at the rear of her yard at about 10 o'clock last night, and now it is supposed that the goose was taken at that time. Its disappearance was discovered this morning and upon making an investigation suspicion at once rested on a family of Sieberts, living next door. Kaufman could plainly see blood scattered over the snow at the rear of the Siebert home and foot prints were visible coming from the direction of the same place.

So confident was Kaufman that the Sieberts knew something of the theft that he requested a search warrant and an officer to investigate. Mayor Weaver complied with the request and Officer Morris was detailed on the case. Accompanied by Kaufman he went to the Siebert home and found evidence enough to warrant him in making a search for the members of the family. In the house he found many proofs that a goose had been killed during the night. There were feathers and feet in the kitchen and in the closet more feathers were seen.

In the Siebert family there are three brothers and the wife of George Siebert. While Kaufman was at the city hall all of them disappeared, which is another evidence accepted by the police as conclusive that they know of the theft.

The charge that will be preferred against those who stole the goose is a very serious one, and if any one is so disposed the guilty parties could be pushed even to the penitentiary.

Two of the Siebert brothers, George and James, were arrested this afternoon at the home of their mother. John will be arrested later.

## A COUNTY LEAGUE OF HIGH SCHOOLS

STEPS TAKEN AT LEETONIA TO-  
WARD ORGANIZING ONE.

Arrangements Made For An Oratori-  
cal Contest at Salem in  
May.

Lisbon, January 16.—(Special).—A meeting of superintendents and principals of high schools in the northern part of the county, was held in Leetonia today to consider the advisability of organizing a county league. Action was taken looking to the organization of such a league, and it was decided to hold an oratorical contest at Salem May 6, the contest being participated in by pupils of the schools represented.

Those present at the meeting are: Supt. J. S. Johnson and Principal B. F. Stanton, of Salem; Supt. J. W. Moore and Principal J. M. McLaughlin, Leetonia; Supt. H. M. Crooks, Lisbon; Supt. E. O. Trescott, Columbiana, and Principal C. C. Underwood, East Palestine.

The feasibility of the undertaking was fully discussed and results in preliminary arrangements being made for the contest at Salem.

### Among the Potteries and Allied Industries

#### MINERVA NOTES.

The Owen China company resumed work Thursday, after a layoff of four weeks. The plant laid idle longer than was expected owing to a shortage of material. Prospects look very bright for a good run the coming year.

Most of the workmen have arrived and are ready to go to work. Among those who visited out-of-town relatives and friends were Cash and Charles McKinnon, B. Luke, J. Cudright, T. Fallors and family, J. Daniels, M. O'Rourke and W. Cronin. They all visited in East Liverpool. Alf Sheehan visited in Augusta; Alex Black in Washington, Pa.; George Wylie and George Cunningham in Chester, Va.; Thomas Boyd in Alliance; Miss Linnie Kincaide in Wellsville; Abe Edwards in New Martinsville, W. Va.; Walker Willis and John Kerrigan in Canonsburg, Pa. and Mr. and Mrs. Brumbaugh in Ford City, Pa.

John Wade visited his family at Augusta.

Bert Johnson, of Augusta, has accepted a position as warehouse man.

Fred Orndorfe, of Trenton, N. J., has accepted a position as sticker-up and presser.

Harry Walker has resigned his position as sagger maker. His position will be taken by John Kerrigan.

#### MAY REENTER BUSINESS.

A block of the stock of the American Sewer Pipe company was sold on the Pittsburgh exchange at 18 1/2, which is a few points below what it has previously sold at, says the Ohio correspondent of Brick. I was not able to learn much concerning the particulars.

#### DROPSY TREATED FREE

\$3.75 Worth of New and Remarkable Treatment Will Be Sent Free to Any of Our Readers As a Trial.

Dropsy is a terrible disease in its last stage. At first no disease is apparently more harmless, a little puffing of the eyelids or hands or a slight swelling of the feet, ankles or abdomen. Yet no death is more fearful. The unfortunate patient slowly drowns in the water of his own blood. He has smothering spells and often has to sit up to breathe.

Dr. Miles' specialty is diseases of the heart, liver, kidneys, nerves and dropsy. To introduce his new Dropsy Treatment he will give away \$10,000 worth. Hundreds of testimonials of the most remarkable cures will be sent on request. One gentleman was cured after having been given up by ten Grand Rapids physicians; a lady after six able Chicago doctors pronounced her case hopeless.

Mr. H. Trimmer, of Green Springs, Pa., writes: "Your Special Treatment cured Mrs. T. of serious heart disease and dropsy after many physicians had pronounced her case hopeless."

Mr. H. A. Groce, of 504 Mountain street, Elgin, Ill., aged 72, was thought to be incurable from dropsy, which reached to his lungs and caused smothering spells, cough, shortness of breath. He reports: "Dropsy all gone; better every way."

Mr. James Pinkerton, editor of the Russellville Sun, Ind., writes: "Mrs. P. was given up by three physicians. She owes her life to Dr. Miles' skill. She now performs her household duties at 65 years of age."

Mrs. M. B. Morelan, of Rogers, O., says: "Dr. Miles saved my life by curing me of that awful disease, dropsy and heart trouble; I suffered terribly."

Miss Sophia Snowberg, of No. 291 21st avenue, Minneapolis, Minn., testifies: "Three days after commencing treatment for dropsy it was nearly all gone, after two allopathic and two homeopathic physicians had failed."

Mr. A. P. Colburn, of Blessing, Ia., writes: "Dr. Miles' treatment has performed a miracle for Mrs. C. after her leg burst from dropsy."

Dr. Miles' treatment is much superior to any others and to obtain the best result it is specially prepared for each patient. Every afflicted person should send for this marvelous treatment. \$3.75 worth sent free upon request. Address Dr. Franklin Miles, 362 to 572 Main street, Elkhart, Ind. Mention this paper.

of the proposed deal, my informant preferring not to divulge anything further for the present, but he assured me there was little doubt but what the large concern would either own or have a working control of the other factories within a very short time. Another matter which has been referred to lately in this connection is the fact that when the American company was organized and the 30 or more factories transferred by the different owners, one of the conditions of the contract was that the grantors were bound to refrain from engaging in the manufacture or selling of sewer pipe for a period of five years from the date of the transfer. It is now almost four years since the agreement was entered into, and I have heard it intimated that some of the former individual owners of pipe factories are already on the lookout for manufacturing sites. Of course this is nothing but a rumor, and possibly one which lacks any authenticity whatever, but at the same time, it is an indication of what could come to pass. That is, after the expiration of the five years, there is nothing to hinder any of the former individual manufacturers from re-embarking independently into the business of manufacturing and selling sewer pipe. Many of them are possessed of ample means to erect plants.

#### CARROLLTON NOTES.

H. O. Tiffin is employed in the glost room.

Will Baxter, of Augusta, is working in the kiln shed.

A son was born on Friday to Mr. and Mrs. A. E. Mitzel.

Harry Albright is gilding in the decorating department.

Mr. Ware, of East Liverpool, is working in the ware room.

E. L. Henderson is in Chicago and other cities after orders.

Miss Barrett and Mrs. Ware are new employees in the decorating department.

The decorating department has worked two nights this week owing to a rush in that department.

Miss Lizzie Rutter, who has been visiting in New Philadelphia for the past week, is back.

The men on the bisquit ware kilns were laid off Wednesday afternoon on account of the scarcity of saggars.

Charles Kaufman, foreman of the clay shops, has moved his family from East Liverpool into the J. R. Williams property in Beautiful View.

#### TOP NOTCH NUMBER.

The New Year's number of Brick, which reached this office yesterday, is the top-notch number of that valuable periodical. Every concern of note in the country is represented on its advertising pages and in the news columns is much of interest from plants over the country and a number of interesting articles on trade topics. The Ohio valley letter is of particular interest to this section and is as usual full of reliable and interesting information.

#### POTTERY NOTES.

E. L. Hammond, of Sebring, was here several days this week.

Several of the clay hands at Harker's were off yesterday owing to the absence of their help.

Miss Dolly Ross, near Carrollton, has accepted a position in the decorating department of the Cameron pottery.

James Gilgallon attended the funeral of J. P. Swaney, the brakeman who was killed here Wednesday, at Salineville yesterday.

#### I. O. O. F. District Representative.

Lisbon, January 16.—(Special.)—Samuel D. Longshore, of this city, received notification from Columbus yesterday that he has been elected representative of the Twenty-sixth district in the Ohio grand lodge, Odd Fellows, for a term of two years. Accompanying the notifications was the certificate of his election. Ten lodges are included in the Twenty-sixth district as follows: Lisbon, Columbiana, East Palestine, East Liverpool, Wellsville, Salineville, Irondale, Toronto, Steubenville and Mingo. The next annual meeting will be held in Youngstown the third Tuesday in May.

### THE SCHOOL YEAR IS FAST PASSING

The First Half Has Gone Very Rapidly But Was Well Spent.

#### THE LITERARY EXERCISES

To Be Held In All the Schools Next Week Promise to Be of Unusual Interest—Arrangements for Patriotic Programs.

It could hardly be realized yesterday by instructors and students of the city schools that at the close of school last evening the first half of this year's work had passed and that on next Monday morning the work of the last four and one-half months of school will be in progress. This fact, however, may be fully understood when one notes with interest how far advanced the classes are in their books and the study of various branches.

Although the time has passed very rapidly, the study and work of the school children has just been as progressive, and with the opening of school on Monday it will be noted that the teachers of the different grades are working close to the schedule of work as mapped out in the school catalogue.

The Senior class of the high school will finish some of the branches of higher study and towards the latter part of January or first of February will be required to pass final examinations in the subjects before taking up any new studies.

Those in the Senior chemistry and German classes will continue work in these branches until commencement. The solid geometry is being completed and after final examinations, the students will be given the preference of higher algebra or higher arithmetic. Those who expect to teach will probably choose the higher arithmetic, while those in the class expecting to further their education in colleges will take the higher algebra.

The English literature of the Senior class will be soon completed with final examinations and will be followed by a course in civil government and possibly in pedagogy.

The most eventful affair of interest for next week will be the literary exercises to be held in all the schools on next Friday afternoon. Teachers and scholars in all the schools will spend some time during the coming week in preparing the programs. In the Athenian and Ruskin literary societies of the high school, the programs have been in progress of preparation since the beginning of school after the holidays. Some method will also be authorized for the observance of McKinley day, Lincoln day and Washington's birthday. It has been the custom in past years in the schools to have the opening exercises on such stated days devoted to the reading from scriptures of favorite passages of such beloved presidents as McKinley, Lincoln and Washington, to have sung some of the favorite songs of these great men and in memory of them to have quoted some of their sayings or words from their writings.

In visiting among the schools last week, Prof. Rayman noted the deep interest of the children in their spelling work and will send out lists of spelling words during the coming week to all the grammar grades and higher primaries. If any children succeed in getting the words all correct for four or five consecutive days they will be ex-cused from spelling the words on the fifth or sixth days. With this inducement, the children will work hard to attain the perfect mark. Similar inducements are a great impetus in school work to encourage children to do the best work they can, and their careful effort in so doing is much appreciated by the teacher who is original enough to employ such methods in his or her school.

The January Popular Educator gives a gentle hint on the "Teaching of Neatness," which is as follows: "Teachers often find it difficult to persuade children to keep their desks tidy, free from marks, scratches, accumulated waste paper, and so forth,

and with books neatly arranged. Here is a simple little plan, which has been found very effective. Early in the term sketch upon the board a typical tidy and untidy desk. Then for morning exercise give a shot talk on neatness, suggesting that a slovenly desk is usually the property of a boy or girl with broken shoe laces, ill kept hair and nails, etc. Then show to the children a little box of tiny gum stars, either silver or gold, and tell them that the tidy desk shall receive one each week. It is surprising how proud they grow of the stars as the row lengthens, and the habits of neatness and order which they are acquiring are of great value.

Similar methods may be used with the small children to induce them to do their best in their spelling and in their attendance, also to be present and punctual every day. The plans have been tried and work with good success.

The event of last week which most interested the public school was the new drills. They took the practice as quite serious and thus derived much benefit and discipline from the drill. Prof. Rayman announces that the drill will be given practically every week and possibly several times a week. In speaking of the fire drill yesterday, Prof. Rayman stated that he did not think that there need be the least alarm of fire since the furnaces when fired were always carefully watched by the janitors and that there is no

### Among the Potteries and Allied Industries

#### MINERVA NOTES.

The Owen China company resumed work Thursday, after a layoff of four weeks. The plant laid idle longer than was expected owing to a shortage of material. Prospects look very bright for a good run the coming year.

Most of the workmen have arrived and are ready to go to work. Among those who visited out-of-town relatives and friends were Cash and Charles McKinnon, B. Luke, J. Cudright, T. Fallors and family, J. Daniels, M. O'Rourke and W. Cronin. They all visited in East Liverpool. Alf Sheehan visited in Augusta; Alex Black in Washington, Pa.; George Wylie and George Cunningham in Chester, Va.; Thomas Boyd in Alliance; Miss Linnie Kincaide in Wellsville; Abe Edwards in New Martinsville, W. Va.; Walker Willis and John Kerrigan in Canonsburg, Pa. and Mr. and Mrs. Brumbaugh in Ford City, Pa.

John Wade visited his family at Augusta.

Bert Johnson, of Augusta, has accepted a position as warehouse man.

Fred Orndorfe, of Trenton, N. J., has accepted a position as sticker-up and presser.

Harry Walker has resigned his position as sagger maker. His position will be taken by John Kerrigan.

#### MAY REENTER BUSINESS.

A block of the stock of the American Sewer Pipe company was sold on the Pittsburgh exchange at 18%, which is a few points below what it has previously sold at, says the Ohio correspondent of Brick. I was not able to learn much concerning the particulars.

#### DROPSY TREATED FREE

\$3.75 Worth of New and Remarkable Treatment Will Be Sent Free to Any of Our Readers As a Trial.

Dropsy is a terrible disease in its last stage. At first no disease is apparently more harmless, a little puffing of the eyelids or hands or a slight swelling of the feet, ankles or abdomen. Yet no death is more fearful. The unfortunate patient slowly drowns in the water of his own blood. He has smothering spells and often has to sit up to breathe.

Dr. Miles' specialty is diseases of the heart, liver, kidneys, nerves and dropsy. To introduce his new Dropsy Treatment he will give away \$10,000 worth. Hundreds of testimonials of the most remarkable cures will be sent on request. One gentleman was cured after having been given up by ten Grand Rapids physicians; a lady after six able Chicago doctors pronounced her case hopeless.

Mr. H. Trimmer, of Green Springs, Pa., writes: "Your Special Treatment cured Mrs. T. of serious heart disease and dropsy after many physicians had pronounced her case hopeless."

Mr. H. A. Groce, of 504 Mountain street, Elgin, Ill., aged 72, was thought to be incurable from dropsy, which reached to his lungs and caused smothering spells, cough, shortness of breath. He reports: "Dropsy all gone; better every way."

Mr. James Pinkerton, editor of the Russellville Sun, Ind., writes: "Mrs. P. was given up by three physicians. She owes her life to Dr. Miles' skill. She now performs her household duties at 65 years of age."

Mrs. M. B. Morelan, of Rogers, O., says: "Dr. Miles saved my life by curing me of that awful disease, dropsy and heart trouble; I suffered terribly."

Miss Sophia Snowberg, of No. 291 21st avenue, Minneapolis, Minn., testifies: "Three days after commencing treatment for dropsy it was nearly all gone, after two allopathic and two homeopathic physicians had failed."

Mr. A. P. Colburn, of Blessing, Ia., writes: "Dr. Miles' treatment has performed a miracle for Mrs. C. after her leg burst from dropsy."

Dr. Miles' treatment is much superior to any others and to obtain the best result it is specially prepared for each patient. Every afflicted person should send for this marvelous treatment. \$3.75 worth sent free upon request. Address Dr. Franklin Miles, 362 to 572 Main street, Elkhart, Ind. Mention this paper.

of the proposed deal, my informant preferring not to divulge anything further for the present, but he assured me there was little doubt but what the large concern would either own or have a working control of the other factories within a very short time. Another matter which has been referred to lately in this connection is the fact that when the American company was organized and the 30 or more factories transferred by the different owners, one of the conditions of the contract was that the grantors were bound to refrain from engaging in the manufacture or selling of sewer pipe for a period of five years from the date of the transfer. It is now almost four years since the agreement was entered into, and I have heard it intimated that some of the former individual owners of pipe factories are already on the lookout for manufacturing sites. Of course this is nothing but a rumor, and possibly one which lacks any authenticity whatever, but at the same time, it is an indication of what could come to pass. That is, after the expiration of the five years, there is nothing to hinder any of the former individual manufacturers from re-embarking independently into the business of manufacturing and selling sewer pipe. Many of them are possessed of ample means to erect plants.

#### CARROLLTON NOTES.

H. O. Tiffin is employed in the gloom.

Will Baxter, of Augusta, is working in the kiln shed.

A son was born on Friday to Mr. and Mrs. A. E. Mitzel.

Harry Albright is gilding in the decorating department.

Mr. Ware, of East Liverpool, is working in the ware room.

E. L. Henderson is in Chicago and other cities after orders.

Miss Barrett and Mrs. Ware are new employees in the decorating department.

The decorating department has worked two nights this week owing to a rush in that department.

Miss Lizzie Rutter, who has been visiting in New Philadelphia for the past week, is back.

The men on the biscuit ware kilns were laid off Wednesday afternoon on account of the scarcity of saggars.

Charles Kaufman, foreman of the clay shops, has moved his family from East Liverpool into the J. R. Williams property in Beautiful View.

#### TOP NOTCH NUMBER.

The New Year's number of Brick, which reached this office yesterday, is the top-notch number of that valuable periodical. Every concern of note in the country is represented on its advertising pages and in the news columns is much of interest from plants over the country and a number of interesting articles on trade topics. The Ohio valley letter is of particular interest to this section and is as usual full of reliable and interesting information.

#### POTTERY NOTES.

E. L. Hammond, of Sebring, was here several days this week.

Several of the clay hands at Harker's were off yesterday owing to the absence of their help.

Miss Dolly Ross, near Carrollton, has accepted a position in the decorating department of the Cameron pottery.

James Gilgallon attended the funeral of J. P. Swaney, the brakeman who was killed here Wednesday, at Salineville yesterday.

#### I. O. O. F. District Representative.

Lisbon, January 16.—(Special).—Samuel D. Longshore, of this city, received notification from Columbus yesterday that he has been elected representative of the Twenty-sixth district in the Ohio grand lodge, Odd Fellows, for a term of two years. Accompanying the notification was the certificate of his election. Ten lodges are included in the Twenty-sixth district as follows: Lisbon, Columbiana, East Palestine, East Liverpool, Wellsville, Salineville, Irondale, Toronto, Steubenville and Mingo. The next annual meeting will be held in Youngstown the third Tuesday in May.

### THE SCHOOL YEAR IS FAST PASSING

The First Half Has Gone Very Rapidly But Was Well Spent.

#### THE LITERARY EXERCISES

To Be Held In All the Schools Next Week Promise to Be of Unusual Interest—Arrangements for Patriotic Programs.

It could hardly be realized yesterday by instructors and students of the city schools that at the close of school last evening the first half of this year's work had passed and that on next Monday morning the work of the last four and one-half months of school will be in progress. This fact, however, may be fully understood when one notes with interest how far advanced the classes are in their books and the study of various branches.

Although the time has passed very rapidly, the study and work of the school children has just been as progressive, and with the opening of school on Monday it will be noted that the teachers of the different grades are working close to the schedule of work as mapped out in the school catalogue.

The senior class of the high school will finish some of the branches of higher study and towards the latter part of January or first of February will be required to pass final examinations in the subjects before taking up any new studies.

Those in the senior chemistry and German classes will continue work in these branches until commencement. The solid geometry is being completed and after final examinations, the students will be given the preference of higher algebra or higher arithmetic. Those who expect to teach will probably choose the higher arithmetic, while those in the class expecting to further their education in colleges will take the higher algebra.

The English literature of the Senior class will be soon completed with final examinations and will be followed by a course in civil government and possibly in pedagogy.

The most eventful affair of interest for next week will be the literary exercises to be held in all the schools on next Friday afternoon. Teachers and scholars in all the schools will spend some time during the coming week in preparing the programs. In the Athenian and Ruskin literary societies of the high school, the programs have been in progress of preparation since the beginning of school after the holidays. Some method will also be authorized for the observance of McKinley day, Lincoln day and Washington's birthday. It has been the custom in past years in the schools to have the opening exercises on such stated days devoted to the reading from scriptures of favorite passages of such beloved presidents as McKinley, Lincoln and Washington, to have sung some of the favorite songs of these great men and in memory of them to have quoted some of their sayings or words from their writings.

In visiting among the schools last week, Prof. Rayman noted the deep interest of the children in their spelling work and will send out lists of spelling words during the coming week to all the grammar grades and higher primaries. If any children succeed in getting the words all correct for four or five consecutive days they will be excused from spelling the words on the fifth or sixth days. With this inducement, the children will work hard to attain the perfect mark. Similar inducements are a great impetus in school work to encourage children to do the best work they can, and their careful effort in so doing is much appreciated by the teacher who is original enough to employ such methods in his or her school.

The January Popular Educator gives a gentle hint on the "Teaching of Neatness," which is as follows:

"Teachers often find it difficult to persuade children to keep their desks tidy, free from marks, scratches, accumulated waste paper, and so forth,

### THE WEATHER

and with books neatly arranged. Here is a simple little plan, which has been found very effective. Early in the term sketch upon the board a typical tidy and untidy desk. Then for morning exercise give a shot talk on neatness, suggesting that a slovenly desk is usually the property of a boy or girl with broken shoe laces, ill kept hair and nails, etc. Then show to the children a little box of tiny gum stars, either silver or gold, and tell them that the tidy desk shall receive one each week. It is surprising how proud they grow of the stars as the row lengthens, and the habits of neatness and order which they are acquiring are of great value."

Similar methods may be used with the small children to induce them to do their best in their spelling and in their attendance, also to be present and punctual every day. The plans have been tried and work with good success.

The event of last week which most interested the public school was the fire drills. They took the practice as quite serious and thus derived much benefit and discipline from the drill. Prof. Rayman announces that the drill will be given practically every week and possibly several times a week. In speaking of the fire drill yesterday, Prof. Rayman stated that he did not think that there need be the least alarm of fire since the furnaces when fired were always carefully watched by the janitors and that there is no

wood or other material about the furnaces where a fire could start. All the furnaces are placed in such a way as to be surrounded by stone walls. Above these are placed heavy plates of sheet iron, making the danger of fire catching from above scarcely possible. ## DIGNITY GIVEN TO THE HEARST BOOM

Democratic National Committee Evidently Afraid of the Yellow Journalist.

Since the Democratic national committee has confessed its fear of William Randolph Hearst, by refusing to let the national convention be held in Chicago, where that formidable candidate for the presidential nomination has a newspaper, has not the Hearst boom been given a dignity to which it was not entitled? Has not the editor-congressman, conductor of wars and general regulator of the affairs of the nation been given a good excuse for pushing his claims for consideration upon the attention of the party?

But will the selection of St. Louis as the convention city eliminate Mr. Hearst from the contest? He has unlimited resources. What is to hinder him from buying or establishing a newspaper in St. Louis between now and the time set for the convention? What is to prevent his sending a trainload or two of his followers—mem-

bers of loyal Hearst clubs—to St. Louis to pack the galleries of the convention hall and shout the convention into a stampede for Hearst? Is it not possible for the New York, Chicago and San Francisco editor to checkmate the attempt of Gorman and McLean to drive him out of the presidential race?

But why should the Democrats be afraid of Hearst? Why should they be apprehensive of his nomination for the presidency? Has he not, by his own confession, kept the Democratic party alive since 1896? Has he not upheld the principles advocated in the Chicago and Kansas City platforms? Has he not, moreover, in the meantime told the Republicans how to run the government? Have not he and his special commissioners been here, there and everywhere, looking after things? Has he not proved his ability to lead the Democratic party in a national campaign? Must such transcendent genius go without recognition by the Democratic party? Should the Democrats turn him aside and take up a man who is without his brilliant attainments.—Cleveland Leader.

## JUDGMENT IS ASKED

Suit for \$261 Grows Out of the Transfer of Insurance Business at Lisbon.

Lisbon, January 16.—(Special.)—Walter S. Firestone, of this city, filed suit in court here yesterday afternoon against W. H. Hepburn, also of Lisbon, asking judgment for \$261.65, alleged to be due on the sale on an insurance business. On August 1, 1901, the parties to the suit entered into a contract whereby the plaintiff transferred to the defendant his insurance business excepting the life insurance feature, for a consideration of \$300, payable in installments of 10 per cent of the premiums received on the policies renewed by the defendant.

The plaintiff alleges that only a small part of the consideration has been paid. Potts & Wells, of Lisbon, are the plaintiff's attorneys.

## INCREASED DOW TAX

Movement of Antis, It Is Argued, Will Do Away With Lower Class of Saloons.

Columbus, January 16.—(Special.)—An effort will be made in the legislature to increase the Dow liquor tax from \$350 to \$500 a year. This matter has been quietly brought to the attention of the Republican leaders, with the understanding that this is one of the things the Anti-Saloon League will insist upon in addition to local option by wards.

It is held that the better class of saloons will favor the bill, as it will put the liquor business on a higher plane and will shut out the lower type of saloons.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## EAST END LOOP HOLE FOUND IN CHIEF'S ORDER

Young Lad Solved the Problem of How to Coast And Keep Out of Clutches of the Law.

That the small boy with a sled is not to be deprived of the pleasure of coasting by any ordinary method was demonstrated this morning when a number of East End lads found a loop hole in Chief Wyman's order. Since the edict went forth from the city hall that coasting on the streets would not be permitted the boys have been wandering how they could have their usual sport and keep out of the clutches of the law. Finally one little fellow, who ought to make a legal giant some day, found the weak spot.

He called up the East End fire station and getting Captain Terrence on the line had the order explained to him. "It only mentions streets and alleys," said the small voice, questioning. "Then, fellows, they can't touch us down to the oil tank," said the voice in an aside to companions and which reached the officer's ears.

There is an excellent coasting hill on private property near the Freedom Oil company's establishment and before noon a score of boys were taking advantage of the youthful Blackstone's discovery.

## REMONSTRANCE WILL BE MADE TO MANAGER HEALY

Patrons of the Car Line Displeased Because Stop at Locust Street Has Been Discontinued.

Patrons of the street car line are greatly displeased over the action of the officials in abandoning the stop on Mulberry street at the intersection of Locust street and are preparing a remonstrance which will be presented to Manager Healy as soon as the names of patrons discommoded can be secured. Already more than 50 signatures have been attached.

It is claimed that a great number of people board the cars at the old stop, as it is nearest to the postoffice and to a number of business houses, and that the cars should continue to make the stop owing to its importance. Resentment was aroused as soon as the employe of the company took down the sign, "Cars Stop Here."

The petitioners propose to have the matter thoroughly investigated and will have the company's franchise examined to learn if stops at all street intersections are not required.

## DISTINGUISHED VISITOR

Will Be With Buckeye Castle if Installation Is Accepted—Installation Date Again Changed.

Buckeye castle, Knights of the Golden Eagle, held an interesting meeting last night, initiating a number of candidates and transacting other matters pertaining to the order. The castle is very much interested in the coming installation of the new castle at Wellsville, the date for which has again been changed to suit the convenience of the noble chief of the state, who will preside at the ceremony. The ceremony will take place on the night of Thursday, January 21.

As the regular meeting of Buckeye castle falls on the following night, an invitation will be extended to the noble chief to attend the meeting and confer the past chief's degree. If the invitation is accepted the night will be a memorable one to the members of the order.

## A Friend in Need.

Returning from an afternoon spent with East End friends, Mrs. D. W. McQuiston found that she had lost the keys to her home and that every door was securely locked. There was no way of ingress, as the doors could not be forced and every window was securely fastened. There was no hope of finding the keys; it was near supper time and the weather was too sharp to make it pleasant standing on the porch. Mrs. McQuiston finally appealed for help at the home of her neighbor, J. L. Fulton, and that gentleman proved equal to the occasion, and procuring a long ladder ascended to one of the windows on the second floor. The window was locked and Mr. Fulton tried another one with the same result. After half a dozen trips he found one unfastened and gaining an entrance the rest of the task was easy.

## Trustees Reorganize.

The reorganization of the board of trustees of the Erie street Methodist church was effected last night at a meeting of the trustees. The trustees reviewed the work of the year just ended and discussed plans for 1904. The board is as follows: L. W. Carman, Robert Boyd, George Whitten, Porter Herbert, James Brown, M. A. Thomas, Dr. Henderson, J. A. Dopler and Charles Hays. The board elected

## HALF OUR ILLS ARE CATARRHAL IN NATURE.

Catarrhal Diseases are Most Prevalent in Winter.

IS THERE NO WAY OF ESCAPE FROM THEM?

Pe-ru-na Never Fails to Cure Catarrh Wherever Located.

There are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent.

First, the climate of winter is sure to bring colds.

Second, colds not promptly cured are sure to cause catarrh.

Third, catarrh improperly treated is sure to make life short and miserable.

Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion. It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder and other pelvic organs.

That Peruna cures catarrh wherever located is attested by the following testimonials sent entirely unsolicited to Dr. Hartman by grateful men and women who have been cured by Peruna:

**Systemic Catarrh.**

Mrs. M. K. Bousch, Richmond, Va., writes: "I had catarrh all through my system for two years and could get no relief. I was advised to try Peruna and I have taken five bottles of it and am well and better now than I have been for years. I can advise any one who has catarrh of any part of the body to take Peruna. My little girl who is eleven years old had catarrh, but was cured by Peruna. Before I began to take Peruna I was sick all the time, but now I am entirely cured, and all praise is due Peruna."—Mrs. M. K. Bousch.

**Catarrh of the Nose.**

Mr. Herman Ehlike, 902 Orchard street, Milwaukee, Wis., writes: "I am entirely cured of my catarrh of the nose by your Peruna. My case was a severe one."—Herman Ehlike.

**Catarrh of the Throat.**

B. H. Runyan, Salesville, O., writes: "I suffered with catarrh of the throat for five years. I was induced to try Peruna. I have used five bottles and am perfectly well."—B. H. Runyan.

**Catarrh of the Ear.**

Mr. Archie Godin, 183 Beech street, Fitchburg, Mass., writes: "Peruna has cured me of catarrh of the middle ear. I feel better than I have for several years."—Archie Godin.

## Catarrh of The Kidneys.

Peter J. Unger, Hawley, Pa., writes: "I think that I am perfectly cured of catarrh of the kidneys by Peruna, as I have no trouble of any kind."—P. J. Unger.

## Catarrh of The Stomach.

A. W. Graves, of Hammond, Ind., writing to Dr. Hartman, says: "I am well of catarrh of the stomach after suffering two years. I have taken five bottles of Peruna and one of Manalita and I feel like a new man now."—A. W. Graves.

## Pelvic Catarrh.

Miss Katie Lochman, Lafayette, Ind., writes: "I had pelvic catarrh, pain in the abdomen, back, had stomach trouble and headache caused by catarrh. I followed your directions: took Peruna and Manalita according to directions, and how happy I feel that I am relieved of such a distressing ailment."—Miss Katie Lochman.

## Catarrh of The Bowels.

Mr. Henry Entzion, South Bend, Ind., writes: "The doctor said I had catarrh of the bowels and I took his medicine, but with no relief. I was getting worse all the time. Before I had taken a half bottle of Peruna I felt like a new man."—Henry Entzion.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

## EAST END AFFAIRS.

The new Malin restaurant is being made ready for opening week.

A sled load of young people enjoyed a trip to Grim's bridge and return last evening.

Ed Morgan, big jiggerman at Laughlin No. 1, has been very ill this week and unable to work.

Chris Sauereisen is improving after a very severe attack of rheumatism, lasting three weeks.

The Klondike pottery will resume operations next Monday, after an idleness of a month or more.

Charles Meyers, saucer jiggerman

at Laughlin No. 2, is laid off on account of no work. Work has been rather slow in the clay shop.

Mrs. James Jameson, of Etruria street, while trying to light a fire in a gas stove at her home was painfully burned about the face.

Lewis Sanford, a dish maker at Laughlin No. 3, who has been off duty for several weeks with sickness, continues quite ill. Frank Broomes is working in his place.

Mr. and Mrs. N. A. Snook, who have been visiting relatives here, left Wednesday for Cleveland, where they may

locate. Mr. Snook recently sold his news stand at Norwalk, O., and is looking for a location.

The pulpit at the Second United Presbyterian church will be filled both morning and evening tomorrow, notwithstanding the absence of Rev. D. W. McQuiston, who is at New Concord assisting in religious meetings.

A crowd of Ben Hurs, numbering an even dozen, drove to the home of Charles Deidrick in the country Thursday night, returning yesterday morning. The evening at the Deidrick home was greatly enjoyable, particularly the good supper which had been prepared for them.

## What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted. Sold by A. H. H. Since the edict went forth from the city hall that coasting on the streets would not be permitted the boys have been wondering how they could have their usual sport and keep out of the clutches of the law. Finally one little fellow, who ought to make a legal giant some day, found the weak spot.

He called up the East End fire station and getting Captain Terrence on the line had the order explained to him. "It only mentions streets and alleys," said the small voice, questioning. "Then, fellows, they can't touch us down to the oil tank," said the voice in an aside to companions and which reached the officer's ears.

There is an excellent coasting hill on private property near the Freedom Oil company's establishment and before noon a score of boys were taking advantage of the youthful Blackstone's discovery.

### REMONSTRANCE WILL BE MADE TO MANAGER HEALY

Patrons of the Car Line Displeased Because Stop at Locust Street Has Been Discontinued.

Patrons of the street car line are greatly displeased over the action of the officials in abandoning the stop on Mulberry street at the intersection of Locust street and are preparing a remonstrance which will be presented to Manager Healy as soon as the names of patrons discommoded can be secured. Already more than 50 signatures have been attached.

It is claimed that a great number of people board the cars at the old stop, as it is nearest to the postoffice and to a number of business houses, and that the cars should continue to make the stop owing to its importance. Resentment was aroused as soon as the employe of the company took down the sign, "Cars Stop Here."

The petitioners propose to have the matter thoroughly investigated and will have the company's franchise examined to learn if stops at all street intersections are not required.

### DISTINGUISHED VISITOR

Will Be With Buckeye Castle if Invitation Is Accepted—Installation Date Again Changed.

Buckeye castle, Knights of the Golden Eagle, held an interesting meeting last night, initiating a number of candidates and transacting other matters pertaining to the order. The castle is very much interested in the coming installation of the new castle at Wellsville, the date for which has again been changed to suit the convenience of the noble chief of the state, who will preside at the ceremony. The ceremony will take place on the night of Thursday, January 21.

As the regular meeting of Buckeye castle falls on the following night, an invitation will be extended to the noble chief to attend the meeting and confer the past chief's degree. If the invitation is accepted the night will be a memorable one to the members of the order.

### A Friend in Need.

Returning from an afternoon spent with East End friends, Mrs. D. W. McQuiston found that she had lost the keys to her home and that every door was securely locked. There was no way of ingress, as the doors could not be forced and every window was securely fastened. There was no hope of finding the keys; it was near supper time and the weather was too sharp to make it pleasant standing on the porch. Mrs. McQuiston finally appealed for help at the home of her neighbor, J. L. Fulton, and that gentleman proved equal to the occasion, and procuring a long ladder ascended to one of the windows on the second floor. The window was locked and Mr. Fulton tried another one with the same result. After half a dozen trips he found one unfastened and gaining an entrance the rest of the task was easy.

### Trustees Reorganize.

The reorganization of the board of trustees of the Erie street Methodist church was effected last night at a meeting of the trustees. The trustees reviewed the work of the year just ended and discussed plans for 1904. The board is as follows: L. W. Carman, Robert Boyd, George Whitten, Porter Herbert, James Brown, M. A. Thomas, Dr. Henderson, J. A. Dopler and Charles Hays. The board elected

## HALF OUR ILLS ARE CATARRHAL IN NATURE.

Catarrhal Diseases are Most Prevalent in Winter.

IS THERE NO WAY OF ESCAPE FROM THEM?

Pe-ru-na Never Fails to Cure Catarrh Wherever Located.

There are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent.

First, the climate of winter is sure to bring colds.

Second, colds not promptly cured are sure to cause catarrh.

Third, catarrh improperly treated is sure to make life short and miserable. Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion.

It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder and other pelvic organs.

That Peruna cures catarrh wherever located is attested by the following testimonials sent entirely unsolicited to Dr. Hartman by grateful men and women who have been cured by Peruna:

#### Systemic Catarrh.

Mrs. M. K. Bousch, Richmond, Va., writes: "I had catarrh all through my system for two years and could get no relief. I was advised to try Peruna and I have taken five bottles of it and am well and better now than I have been for years. I can advise any one who has catarrh of any part of the body to take Peruna. My little girl who is eleven years old had catarrh, but was cured by Peruna. Before I began to take Peruna I was sick all the time, but now I am entirely cured, and all praise is due Peruna."—Mrs. M. K. Bousch.

#### Catarrh of the Nose.

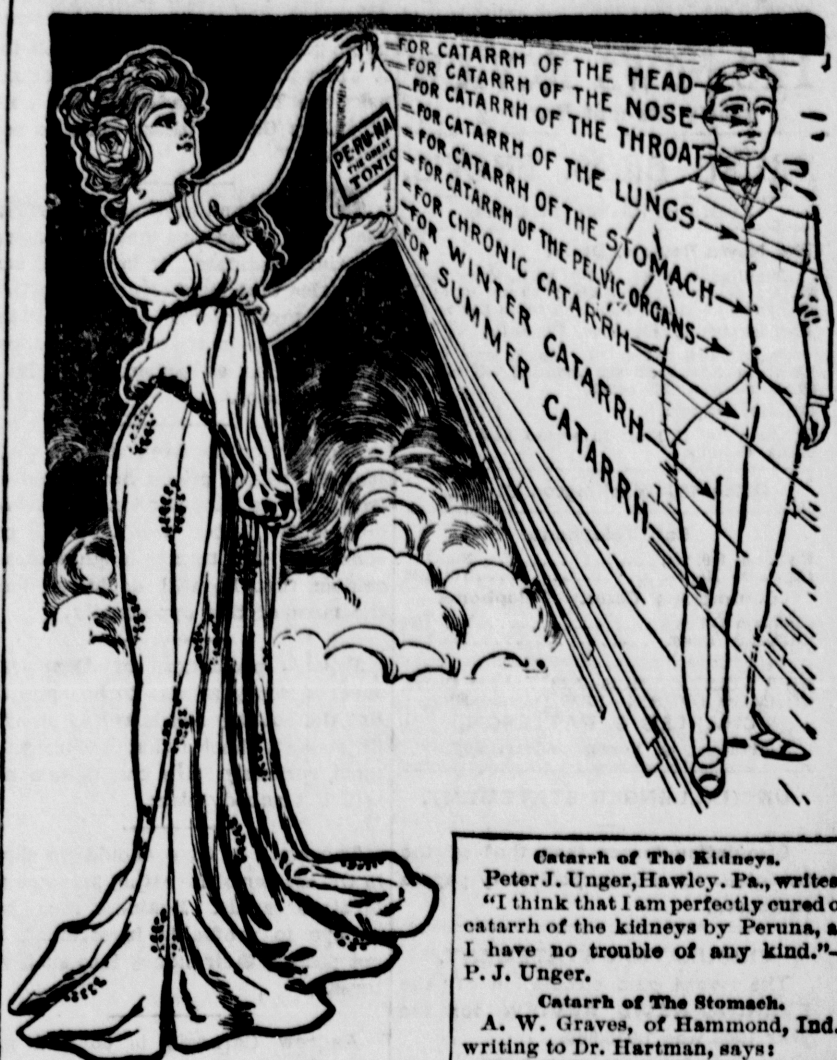

Mr. Herman Ehlike, 952 Orchard street, Milwaukee, Wis., writes: "I am entirely cured of my catarrh of the nose by your Peruna. My case was a severe one."—Herman Ehlike.

#### Catarrh of the Throat.

B. H. Runyan, Salesville, O., writes: "I suffered with catarrh of the throat for five years. I was induced to try Peruna. I have used five bottles and am perfectly well."—B. H. Runyan.

#### Catarrh of the Ear.

Mr. Archie Godin, 183 Beech street, Pithburgh, Mass., writes: "Peruna has cured me of catarrh of the middle ear. I feel better than I have for several years."—Archie Godin.

#### Catarrh of the Kidneys.

Peter J. Unger, Hawley, Pa., writes: "I think that I am perfectly cured of catarrh of the kidneys by Peruna, as I have no trouble of any kind."—P. J. Unger.

#### Catarrh of the Stomach.

A. W. Graves, of Hammond, Ind., writing to Dr. Hartman, says: "I am well of catarrh of the stomach after suffering two years. I have taken five bottles of Peruna and one of Manalita and I feel like a new man now."—A. W. Graves.

#### Pelvic Catarrh.

Miss Katie Lochman, Lafayette, Ind., writes: "I had pelvic catarrh, pain in the abdomen, back, had stomach trouble and headache caused by catarrh. I followed your directions: took Peruna and Manalita according to directions, and how happy I feel that I am relieved of such a distressing ailment."—Miss Katie Lochman.

#### Catarrh of the Bowels.

Mr. Henry Entzion, South Bend, Ind., writes: "The doctor said I had catarrh of the bowels and I took his medicine, but with no relief. I was getting worse all the time. Before I had taken a half bottle of Peruna I felt like a new man."—Henry Entzion.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

### DIGNITY GIVEN TO THE HEARST BOOM

Democratic National Committee Evidently Afraid of the Yellow Journalist.

Since the Democratic national committee has confessed its fear of William Randolph Hearst, by refusing to let the national convention be held in Chicago, where that formidable candidate for the presidential nomination has a newspaper, has not the Hearst boom been given a dignity to which it was not entitled? Has not the editor-congressman, conductor of wars and general regulator of the affairs of the nation been given a good excuse for pushing his claims for consideration upon the attention of the party?

But will the selection of St. Louis as the convention city eliminate Mr. Hearst from the contest? He has unlimited resources. What is to hinder him from buying or establishing a newspaper in St. Louis between now and the time set for the convention? What is to prevent his sending a trainload or two of his followers—mem-

bers of loyal Hearst clubs—to St. Louis to pack the galleries of the convention hall and shout the convention into a stampede for Hearst? Is it not possible for the New York, Chicago and San Francisco editor to checkmate the attempt of Gorman and McLean to drive him out of the presidential race?

But why should the Democrats be afraid of Hearst? Why should they be apprehensive of his nomination for the presidency? Has he not, by his own confession, kept the Democratic party alive since 1896? Has he not upheld the principles advocated in the Chicago and Kansas City platforms? Has he not, moreover, in the meantime told the Republicans how to run the government? Have not he and his special commissioners been here, there and everywhere, looking after things? Has he not proved his ability to lead the Democratic party in a national campaign? Must such transcendent genius go without recognition by the Democratic party? Should the Democrats turn him aside and take up a man who is without his brilliant attainments.—Cleveland Leader.

### JUDGMENT IS ASKED

Suit for \$261 Grows Out of the Transfer of Insurance Business at Lisbon.

Lisbon, January 16.—(Special.)—Walter S. Firestone, of this city, filed suit in court here yesterday afternoon against W. H. Hepburn, also of Lisbon, asking judgment for \$261.65, alleged to be due on the sale on an insurance business. On August 1, 1901, the parties to the suit entered into a contract whereby the plaintiff transferred to the defendant his insurance business excepting the life insurance feature, for a consideration of \$300, payable in installments of 10 per cent of the premiums received on the policies renewed by the defendant.

The plaintiff alleges that only a small part of the consideration has been paid. Potts & Wells, of Lisbon, are the plaintiff's attorneys.

### INCREASED DOW TAX

Movement of Antis, It Is Argued, Will Do Away With Lower Class of Saloons.

Columbus, January 16.—(Special.)—An effort will be made in the legislature to increase the Dow liquor tax from \$350 to \$500 a year. This matter has been quietly brought to the attention of the Republican leaders, with the understanding that this is one of the things the Anti-Saloon League will insist upon in addition to local option by wards.

It is held that the better class of saloons will favor the bill as it will put the liquor business on a higher plane and will shut out the lower type of saloons.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a tea spoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### Will Attend Dance.

A party composed of Messrs. William Phillips, Charles Kane, Clarence Arnold, Will Bruce, Homer Gordon, Frank McKenna, Doc Wilson, Charles Thompson, Tom Dray, Nathan Burdick and perhaps others will leave in a sleigh this evening for Toronto, where they will attend a big dance.

### EAST END AFFAIRS.

The new Main restaurant is being made ready for opening week.

A sled load of young people enjoyed a trip to Grim's bridge and return last evening.

Ed Morgan, big jiggerman at Laughlin No. 1, has been very ill this week and unable to work.

Chris Sauereisen is improving after a very severe attack of rheumatism, lasting three weeks.

The Klondike pottery will resume operations next Monday, after an idleness of a month or more.

Charles Meyers, saucer jiggerman

at Laughlin No. 2, is laid off on account of no work. Work has been rather slow in the clay shop.

Mrs. James Jameson, of Etruria street, while trying to light a fire in a gas stove at her home was painfully burned about the face.

Lewis Sanford, a dish maker at Laughlin No. 3, who has been off duty for several weeks with sickness, continues quite ill. Frank Broomes is working in his place.

Mr. and Mrs. N. A. Snook, who have been visiting relatives here, left Wednesday for Cleveland, where they may

locate. Mr. Snook recently sold his news stand at Norwalk, O., and is looking for a location.

The pulpit at the Second United Presbyterian church will be filled both morning and evening tomorrow, notwithstanding the absence of Rev. D. W. McQuiston, who is at New Concord assisting in religious meetings.

A crowd of Ben Hurs, numbering an even dozen, drove to the home of Charles Deidrick in the country Thursday night, returning yesterday morning. The evening at the Deidrick home was greatly enjoyable, particularly the good supper which had been prepared for them.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted. For sale by Alvin H. Columbiana County, State of Ohio, ss. I, Louis H. Brush, publisher of the Evening News Review, swear that the above statement is true.

LOUIS H. BRUSH.

Sworn to and subscribed to in my presence this 4th day of January, 1904.

J. S. HILBERT,

Notary Public.

Subscribers who fail to receive their papers promptly and regularly should at once notify the News Review office. Call by either telephone. All papers, even in the most distant parts of the city, should be delivered before 6 p. m.

SATURDAY, JANUARY 16, 1904.

It is pointed out that the street crossings of the city have seldom if ever been in a worse condition than at present. Heretofore it has been the custom of the street department to see that walks across the main-traveled streets were kept free from snow and slush. Today they are covered several inches deep with filthy accumulations. It is a matter easily remedied, if given attention. There is no work the street cleaners could do that would be better appreciated by the public.

It is a cruel shame that any person should suffer for lack of food or fuel in a city of plenty like East Liverpool. The case of the poor woman reported in the News Review yesterday should inspire a little missionary work. Had the neighbors of the unfortunate one been as neighborly as they ought to have been there would have been no distress to report.

If the legislature wants to promote the prosperity of Ohio it will pass a sensible good roads bill at this session. Nothing else that it could do would work to the lasting benefit of a greater number of people. The state has a plethora of treasury at present, and the surplus could not be better invested than in improved highways.

The mangling and perhaps the fatal injury of Willie Richardson emphasizes the need of street car fenders. The fenders do not always save life, but they do occasionally. To avert one such distressing accident is worth more than it would cost to equip every car in the city with a life-saving device.

Who is Mr. Blank, Bryan's candidate, the man "whose Democracy cannot be questioned during the cam-

paign and whose fidelity is such that it will not be doubted after election?" asks the Toledo Blade. In the words of Sairey Gamp, "there ain't no such a person."

Senator Hanna says he has sent out 2,000 letters denying that he is a presidential candidate. If he should send out twice that number daily, the Democratic press would still insist that the contrary is true. Not to accept his statement as sincere is an insult to the senator.

A coal war has been started at Columbus, where prices have been cut from \$2.25 to \$1.50 per ton. Somebody may suffer, but it won't be the coal consumer. His turn to laugh comes so seldom that he will doubtless make the most of this opportunity.

Bryan's prediction of Democratic success this year was to be expected. But the country has heard so many of Bryan's prophecies that nobody takes them seriously. He can delude himself but nobody else.

The state of Ohio should go slowly in the matter of investing more money in state canals. Business men, with an eye to profitable investment, are not putting their money into such ventures.

Andrew Carnegie is 66 and pays taxes on \$5,000,000 worth of property in New York alone. Has he forgotten that he once said: "The man who dies rich dies disgraced?"

In France there is a saloon to every eighty-three persons, or 464,556 shops all told, which helps to explain why great Frenchmen are so rare in these days.

Pugilists will get no encouragement from Gov. Herrick. There is an industry which can be suffered to languish without harm to anybody's interests.

No sooner had it been decided to make every citizen a snow shoveler than the weather clerk determined to make the task no sinecure.

W. J. Bryan will issue a daily edition of the Commoner during the Democratic convention, just to prove that he is still on earth.

### FRIENDS AND VISITORS

Miss Fannie Roe is ill at her home on Third street.

James Wallace was a Pittsburg business visitor today.

Harry, the little son of Mr. and Mrs. Fred Wagner, is ill at his home on Third street.

Alice Vogle is ill at the home of her parents, Mr. and Mrs. John Vogle, of Third street.

Charles S. Mills has returned to his home in Lisbon after a visit with relatives in this city.

Henry Wible, of College street, who has been seriously sick for ten weeks, is recovering.

Mrs. Henry Hetzell and daughter, Miss Bertha, are both very ill at their home on West Market street.

Miss Florence Runion has returned to her home in Carrolltown after a visit with relatives in this city.

William Tremont, who has been ill at his home on Avondale street, is able to be out. He was afflicted with grip.

Miss Carrie Smith, of Kilgore, who has been visiting relatives here for several weeks, has returned to her home.

Miss Mary A. Hall, assistant librarian of the public library, will soon resume her duties after a two weeks' illness.

Miss Bertha Dyke, of Pleasant Heights, attended a party at West Point last evening. She returned this morning.

Miss Florence James has returned to her home at Kilgore, Carroll county, after a visit of a month with relatives in this city.

G. W. Meanough, who has been conducting revival meetings at Walker chapel for several weeks, is making a good success of the series.

Joseph Howells, who has been employed in this city for several months, returned this morning to his home in Steubenville. He will not return.

William Gould, who has been very ill with typhoid fever at his rooms on Sixth street for several weeks, has so far recovered as to be able to sit up.

Thomas Baker and Jack Abbebetto, of Beaver Falls, were guests of friends in this city yesterday and today. They

A sled load of employees of the United Power company with their ladies made a trip in a sled to the vicinity of Lisbon last night, returning at an early hour this morning.

Mr. and Mrs. Bashaw have returned to their home at Scatterville after attending the wedding of their son, Leslie Bashaw, and Miss Lottie Smith, which took place here recently.

Mrs. Lucy Wylie, Mrs. Frank H. Croxall and Mrs. Crosse have returned from Pittsburg, where they attended the funeral of Edward T. Crosse, the brother of Mrs. Wylie and the uncle of Mrs. Croxall.

Rev. H. H. Bawden, pastor of the Baptist church of this city, left today for Wellsburg, where he will occupy the pulpit at the Fourth ward church of that denomination tomorrow morning. In the evening he will preach at the Ebenezer Baptist church at Cross Creek.

Sol Smith, who resides in the vicinity of Grim's bridge, was in the city yesterday on business. Mr. Smith has a damage suit pending in the common pleas court against the United Power company, and it is expected the case will be tried next week. The damages are asked for injuries sustained by Mr. Smith on the Grandview extension some time ago.

Mr. and Mrs. Charles Roe, of Third street, were called to Toronto yesterday by the serious illness of Mrs. Roe's brother, James Sibard. The latter and his wife are both confined to their beds dangerously ill, and the attending physicians give the friends no hope in either case. They have a large family of small children and they have the sympathy of all in their affliction.

### TELLER ON PANAMA.

Interesting Colloquy in Senate Between Him and Mr. Spooner.

Washington, Jan. 16.—Mr. Teller of Colorado addressed the senate on the Panama canal question. He contended that the course of the president in connection with the recent revolt in Panama had been contrary to precedent and in contravention of international law.

Mr. Teller took issue with the president's declaration that the course pursued in Panama had been in the interest of "collective civilization." That, he said, was a dangerous doctrine, and was just such a doctrine as Russia might appeal to if she should attempt to crush Japan. The doctrine was not American; it was contrary to all the best traditions of this country. It was the doctrine that might make right. He discussed the government of Panama, declaring it to be unreplicable in form, and was interrupted by Mr. Spooner, who said that it had been a "mooted question as to whether there is a republican form of government in Colorado."

"If," responded Mr. Teller, "there is not a Republican form of government in Colorado, there is a Republican administration there."

Syracuse, N. Y., Jan. 16.—An engineer and brakeman were killed and a fireman fatally injured by the explosion of a boiler of a freight locomotive on the New York Central.

### Prohibitionists at Work.

Philadelphia, Jan. 16.—State Chairman Charles R. Jones of the Pennsylvania Prohibition party has called a meeting of the state executive committee to be held in this city on Jan. 21 to select the time and place for holding the state convention. Uniontown has made a bid for the convention and Harrisburg, Oil City, Williamsport, Altoona and Scranton are also under consideration.

### ODD FELLOWS

#### ARE ORGANIZED

NEW LODGE INSTITUTED UNDER AUSPICIOUS CONDITIONS.

Prominent Citizens Comprise the Membership—Large Visiting Delegations.

Pride of Chester lodge, Independent Order of Odd Fellows, was instituted last evening in Mechanics' hall, Chester, under the most auspicious circumstances. Twenty-five of the foremost citizens of the town were shown the mysteries of the order and the ceremonies were not completed until 7 o'clock this morning.

It had been arranged that the degree team of the New Cumberland lodge should do the work, and the members of the latter branch were out in force. With the lodge men who came from New Cumberland, East Liverpool swelled the number of visitors to fully 100. All the Chester members were obligated and one candidate was initiated in all degrees in order to exemplify the secret work. At the conclusion of the ceremonies the following officers were elected to preside over the new lodge:

Noble grand, Oscar O. Allison; vice grand, John E. Newell; recording secretary, J. C. Johnston; permanent secretary, George A. Haddon; treasurer, J. C. Cunningham; warden, Enoch Riley; conductor, Joseph Howes; chaplain, J. N. Finley; inside guardian, Samuel Wylie; outside guardian, J. H. Evans; trustees, Dr. George E. Lewis, J. W. Finley, Robert Hobbs; R. S. to N. G., Fred Sinclair; L. S. to N. G., W. H. Rosencrantz; R. S. to V. G., R. M. Brown; L. S. to V. G., J. W. Finley.

The degree team was headed by Hugh Miskelly, of New Cumberland, who is one of the best posted men on Odd Fellowship in the state. He was ably assisted by the New Cumberland degree team and George W. Croxall, of East Liverpool.

After the business session the members present sat down to one of the most elaborate spreads ever laid to a Chester crowd. The new lodge members, with the visitors did ample justice to the good things provided, and the assemblage did not break up until a late hour this morning.

### PECULIAR ACCIDENT

Child Fell Upon a Pencil, Sustaining Painful, Though Not Serious Injuries.

An infant son of Mr. and Mrs. John King, residing in the mill addition, was painfully injured yesterday while playing about the room at its home. The little one had secured possession of a lead pencil in some manner, and had placed it in its mouth. The pencil was one of the sort that contains an eraser held in place by a tin band. The rubber had been lost, and the tin was very sharp. The child fell down and the pencil was jammed down its throat, cutting an ugly gash. Dr. Lewis was called and succeeded in making the little one comfortable, though the wound is a painful one.

### Beaver County Election.

A primary election is being held in Green township, Beaver county, today. The territory lies just across the Pennsylvania state line, and people of Chester are manifesting a great deal of interest in the outcome. D. D. Pugh, who has held the office for many years, is again a candidate for constable and assessor. He is well known on this side of the state line, where his friends are interested in his success.

### Another Oil Well.

Oil Driller Hyle, who has had charge of extensive operations in Hancock county during the past few months, this week started on a well on the Mrs. Robert Thompson farm near the state line in the vicinity of Hookstown. Though the hole is only down a few hundred feet, the experts engaged there say the prospects are very good for a fair producer.

### Successful Meetings.

The evangelistic meetings which have been in progress at the Chester Methodist Episcopal church for some time, will close on Sunday evening. Not many conversions resulted from the revival, but the pastor and congregation feel that much good has been accomplished. The regular services will be held at this church tomorrow.

### CHESTER NOTES.

A daughter has been born to Mr. and Mrs. Charles Stilwell, of First street. Judge John A. Campbell was in Chester this afternoon from New Cumberland.

Reem Lyon, an employee of the tin mill, is confined to his home with an attack of typhoid fever.

A sled load of Chester young people

attended church services at Hookstown last night, returning at midnight.

Jesse Plattenburg was in Chester yesterday. He returned to his home at New Cumberland last evening.

John Jenkins, of New Cumberland, was the guest of Chester friends this morning, returning home at noon.

A. P. Cunningham, who will conduct a restaurant in the old McCutcheon drug store property, opened the establishment yesterday.

Mrs. George Reed arrived in Chester yesterday from Salineville, and after a visit with friends here will return to her home at Fairview.

District Manager Goldsmith, of the American Tin Plate company, was in Chester yesterday on business connected with the Chester plant.

Rev. Peter W. Snyder, of the Calcutta Presbyterian church, will occupy the pulpit for the Chester congregation at 3 o'clock tomorrow afternoon. At that time he will tell the people that he has decided to accept the call to the Chester church.

### Holiday Entertainment.

An entertainment and treat was given at the United Presbyterian church last evening for the benefit of the pupils of the Sunday school. There were recitations, musical selections and a goodly supply of sweetmeats. The affair was in the form of a holiday treat and was greatly enjoyed.

### AT THE THEATER

The third appearance this season of Ernest Lamson was one of the enjoyable events of the theatrical season. It is seldom that an actor gains so great a hold on the affections of the people, but Mr. Lamson has accomplished this, and he was greeted last night by a large audience. His play, "Young Tobe Hoxie," which he presented upon his second visit and which he has just brought out, is most enjoyable and entertaining, appealing to the highest emotions of the audience. Mr. Lamson is the author of the play and although it is his first attempt he has shown great ability as a playwright.

Lincoln J. Carter's sensational drama, entitled "The Flaming Arrow." As the title would indicate, the play deals with events that occur on the western plains and the Rocky mountains. It is not as blood thirsty as the title would naturally suggest, but is full of pathos, deep heart interest, adventure and side-splitting bursts of laughter, which relieves the more serious plot of the story. At the Grand tonight.

Nowadays something new in the dramatic or entertainment line is rare but a real stage surprise is promised at the Grand opera house next Tuesday evening, in the production of a dramatic musical comedy novelty, entitled "Dare-Devil Dorothy." This will be the first season of the play in this country, although it has been a tremendous success in England for the past three years.

Thomas Jefferson and his splendid company in Washington Irving's masterpiece, "Rip Van Winkle," will no doubt be greeted by one of the largest audiences ever seen at the Grand when he appears there on next Wednesday evening, as it will be one of the exceptional events of the season.

"A Break for Liberty," the famous Biddle brothers' case at Pittsburg, and woven about their lives a story abounding in many thrilling situations, interwoven with much good comedy. "A Break for Liberty" will be seen at the Grand Monday night.

### Democratic Leader Ill.

Washington, Jan. 16.—Representative John Sharp Williams of Mississippi is ill. The trouble started from a cold and pneumonia is feared.

### Bids for Battleships.

TRADES UNION COUNCIL

SATURDAY, JANUARY 16, 1904.

It is pointed out that the street cross-

ings of the city have seldom if ever

been in a worse condition than at

present. Heretofore it has been the

custom of the street department to

see that walks across the main-trav-

eled streets were kept free from snow

and slush. Today they are covered

several inches deep with filthy accu-

mulations. It is a matter easily reme-

died, if given attention. There is no

work the street cleaners could do that

would be better appreciated by the

public.

It is a cruel shame that any person

should suffer for lack of food or fuel in

a city of plenty like East Liverpool.

The case of the poor woman reported

in the News Review yesterday should

inspire a little missionary work. Had

the neighbors of the unfortunate one

been as neighborly as they ought to

have been there would have been no

distress to report.

If the legislature wants to promote

the prosperity of Ohio it will pass a

sensible good roads bill at this ses-

sion. Nothing else that it could do

would work to the lasting benefit of a

greater number of people. The state

has a plethora of treasury at present,

and the surplus could not be better in-

vested than in improved highways.

The mangling and perhaps the fatal

injury of Willie Richardson emphasizes

the need of street car fenders. The

fenders do not always save life, but

they do occasionally. To avert one

such distressing accident is worth

more than it would cost to equip every

car in the city with a life-saving de-

vice.

Who is Mr. Blank, Bryan's candi-

date, the man "whose Democracy can-

not be questioned during the cam-

paign and whose fidelity is such that it will not be doubted after election?" asks the Toledo Blade. In the words of Sairoy Gamp, "there ain't no such a person."

Senator Hanna says he has sent out 2,000 letters denying that he is a presidential candidate. If he should send out twice that number daily, the Democratic press would still insist that the contrary is true. Not to accept his statement as sincere is an insult to the senator.

A coal war has been started at Columbus, where prices have been cut from \$2.25 to \$1.50 per ton. Somebody may suffer, but it won't be the coal consumer. His turn to laugh comes so seldom that he will doubtless make the most of this opportunity.

Bryan's prediction of Democratic success this year was to be expected. But the country has heard so many of Bryan's prophecies that nobody takes them seriously. He can delude himself but nobody else.

The state of Ohio should go slowly in the matter of investing more money in state canals. Business men, with an eye to profitable investment, are not putting their money into such ventures.

Andrew Carnegie is 66 and pays taxes on \$5,000,000 worth of property in New York alone. Has he forgotten that he once said: "The man who dies rich dies disgraced?"

In France there is a saloon to every eighty-three persons, or 464,556 shops all told, which helps to explain why great Frenchmen are so rare in these days.

Pugilists will get no encouragement from Gov. Herrick. There is an industry which can be suffered to languish without harm to anybody's interests.

No sooner had it been decided to make every citizen a snow shoveler than the weather clerk determined to make the task no sinecure.

W. J. Bryan will issue a daily edition of the Commoner during the Democratic convention, just to prove that he is still on earth.

### ODD FELLOWS

#### ARE ORGANIZED

NEW LODGE INSTITUTED UNDER AUSPICIOUS CONDITIONS.

Prominent Citizens Comprise the Membership—Large Visiting Delegations.

Pride of Chester lodge, Independent Order of Odd Fellows, was instituted last evening in Mechanics' hall, Chester, under the most auspicious circumstances. Twenty-five of the foremost citizens of the town were shown the mysteries of the order and the ceremonies were not completed until 7 o'clock this morning.

It had been arranged that the degree team of the New Cumberland lodge should do the work, and the members of the latter branch were out in force. With the lodge men who came from New Cumberland, East Liverpool swelled the number of visitors to fully 100. All the Chester members were obligated and one candidate was initiated in all degrees in order to exemplify the secret work. At the conclusion of the ceremonies the following officers were elected to preside over the new lodge:

Noble grand, Oscar O. Allison; vice grand, John E. Newell; recording secretary, J. C. Johnston; permanent secretary, George A. Hannon; treasurer, J. C. Cunningham; warden, Enoch Riley; conductor, Joseph Howes; chaplain, J. N. Finley; inside guardian, Samuel Wylie; outside guardian, J. H. Evans; trustees, Dr. George E. Lewis, J. W. Finley, Robert Hobbs; R. S. to N. G., Fred Sinclair; L. S. to N. G., W. H. Rosencrantz; R. S. to V. G., R. M. Brown; L. S. to V. G., J. W. Finley.

The degree team was headed by Hugh Miskelly, of New Cumberland, who is one of the best posted men on Odd Fellowship in the state. He was ably assisted by the New Cumberland degree team and George W. Croxall, of East Liverpool.

After the business session the members present sat down to one of the most elaborate spreads ever laid to a Chester crowd. The new lodge members, with the visitors did ample justice to the good things provided, and the assemblage did not break up until a late hour this morning.

### PECULIAR ACCIDENT

Child Fell Upon a Pencil, Sustaining Painful, Though Not Serious Injuries.

An infant son of Mr. and Mrs. John King, residing in the mill addition, was painfully injured yesterday while playing about the room at its home. The little one had secured possession of a lead pencil in some manner, and had placed it in its mouth. The pencil was one of the sort that contains an eraser held in place by a tin band. The rubber had been lost, and the tin was very sharp. The child fell down and the pencil was jammed down its throat, cutting an ugly gash. Dr. Lewis was called and succeeded in making the little one comfortable, though the wound is a painful one.

#### Beaver County Election.

A primary election is being held in Green township, Beaver county, today. The territory lies just across the Pennsylvania state line, and people of Chester are manifesting a great deal of interest in the outcome. D. D. Pugh, who has held the office for many years, is again a candidate for constable and assessor. He is well known on this side of the state line, where his friends are interested in his success.

#### Another Oil Well.

Oil Driller Hyte, who has had charge of extensive operations in Hancock county during the past few months, this week started on a well on the Mrs. Robert Thompson farm near the state line in the vicinity of Hookstown. Though the hole is only down a few hundred feet, the experts engaged there say the prospects are very good for a fair producer.

#### Successful Meetings.

The evangelistic meetings which have been in progress at the Chester Methodist Episcopal church for some time, will close on Sunday evening. Not many conversions resulted from the revival, but the pastor and congregation feel that much good has been accomplished. The regular services will be held at this church tomorrow.

#### CHESTER NOTES.

A daughter has been born to Mr. and Mrs. Charles Stillwell, of First street. Judge John A. Campbell was in Chester this afternoon from New Cumberland.

Reem Lyon, an employee of the tin mill, is confined to his home with an attack of typhoid fever.

A sled load of Chester young people

attended church services at Hookstown last night, returning at midnight.

Jesse Plattenburg was in Chester yesterday. He returned to his home at New Cumberland last evening.

John Jenkins, of New Cumberland, was the guest of Chester friends this morning, returning home at noon.

A. P. Cunningham, who will conduct a restaurant in the old McCutcheon drug store property, opened the establishment yesterday.

Mrs. George Reed arrived in Chester yesterday from Salineville, and after a visit with friends here will return to her home at Fairview.

District Manager Goldsmith, of the American Tin Plate company, was in Chester yesterday on business connected with the Chester plant.

Rev. Peter W. Snyder, of the Calcutta Presbyterian church, will occupy the pulpit for the Chester congregation at 3 o'clock tomorrow afternoon. At that time he will tell the people that he has decided to accept the call to the Chester charge.

#### Holiday Entertainment.

An entertainment and treat was given at the United Presbyterian church last evening for the benefit of the pupils of the Sunday school. There were recitations, musical selections and a goodly supply of sweetmeats. The affair was in the form of a holiday treat and was greatly enjoyed.

### AT THE THEATER

The third appearance this season of Ernest Lamson was one of the enjoyable events of the theatrical season. It is seldom that an actor gains so great a hold on the affections of the people, but Mr. Lamson has accomplished this, and he was greeted last night by a large audience. His play, "Young Tobe Hoxie," which he presented upon his second visit and which he has just brought out, is most enjoyable and entertaining, appealing to the highest emotions of the audience. Mr. Lamson is the author of the play and although it is his first attempt he has shown great ability as a playwright.

Lincoln J. Carter's sensational drama, entitled "The Flaming Arrow." As the title would indicate, the play deals with events that occur on the western plains and the Rocky mountains. It is not as blood thirsty as the title would naturally suggest, but is full of pathos, deep heart interest, adventure and side-splitting bursts of laughter, which relieves the more serious plot of the story. At the Grand tonight.

Nowadays something new in the dramatic or entertainment line is rare but a real stage surprise is promised at the Grand opera house next Tuesday evening, in the production of a dramatic musical comedy novelty, entitled "Dare-Devil Dorothy." This will be the first season of the play in this country, although it has been a tremendous success in England for the past three years.

Thomas Jefferson and his splendid company in Washington Irving's masterpiece, "Rip Van Winkle," will no doubt be greeted by one of the largest audiences ever seen at the Grand when he appears there on next Wednesday evening, as it will be one of the exceptional events of the season.

"A Break for Liberty," the famous Biddle brothers' case at Pittsburg, and woven about their lives a story abounding in many thrilling situations, interwoven with much good comedy. "A Break for Liberty" will be seen at the Grand Monday night.

#### Democratic Leader Ill.

Washington, Jan. 16.—Representative John Sharp Williams of Mississippi is ill. The trouble started from a cold and pneumonia is feared.

#### Bids for Battleships.

Washington, Jan. 16.—Contracts for the 13,000-ton battleships Mississippi and Idaho will likely be awarded to the Cramps of Philadelphia, whose bid of \$3,200,000 was the lowest.

## WELLSVILLE AND VICINITY

### THE BELT LINE WILL NOW BE CONSTRUCTED

Last Obstacle Removed—Its Completion Will Boom the City's Industries.

The big switch back of town which runs nearly the entire length of the city, passing the different potteries and other plants located in that section, will now be completed, as the Pennsylvania company has effected a settlement with Charles Lawson and others who have held the property necessary for its completion and egress to the main line at the upper end of the spur.

The news will be gratifying to the large number of manufacturers located along this long switch, and without doubt many new manufactories will now be erected in this section which has many desirable sites, and with the railway outlet will have ample room. The plants heretofore have been compelled to huddle up near the end of the spur and quite a number have been erected there in the short cramped space afforded.

It is the intention also of one or two of the potteries to enlarge their plants as soon as the switch is completed. This no doubt will be done right away by the Pennsylvania company, as it has been working for quite a number of months to secure the coveted right of way which will connect the switch with the spur now running from the main line to the Hygienic plant and thence down through the Lawson property to the long piece of track already built in the rear of Coal street.

### FAT POCKETBOOK

Found on Main Street By a Traveling Man Restored to Its Owner.

A traveling man who has been in East Liverpool for some days, a guest at the Hotel Edwards, was in Wellsville yesterday afternoon on business, and while sauntering along Main street in the West End near the lower depot picked up a pocketbook on the street. Investigating he found the pocketbook contained \$75 in cash, a pair of gold spectacles and a railway ticket. He took the pocketbook and contents to city hall, where finally a woman claimed the goods.

### A Genuine Hand-Out.

Two hoboes who were "panhandling" citizens yesterday evening in the vicinity of Eighteenth street for money to obtain meals and lodging, ran up against a colored individual who gave one of them a doublet handout in the way of a good, strong hearty punch, which put him out of the business. The two were afterwards arrested, and are now in jail.

### The Walker Plant.

The Walker plant of the American Sewer Pipe company has been closed down for some time for repairs. During the shutdown a general overhauling of the plant will occur. It is not thought by those closely connected with the plant that it will resume before April 1, the shutdown being indefinite.

### After Oklahoma Leases.

A. B. Smith, of Wellsville, the well known oil operator, has gone to Oklahoma territory to secure a block of leases. He will use a Standard machine in drilling.

A. B. Smith has a new location on the Noble farm near Irondale and will begin drilling shortly.

### Friars' Club Reception.

The Friars' club will hold a reception and soiree next Tuesday night in their club rooms in honor of one of their charter members, Thomas

Leith, Jr., and wife. The affair promises to be one of the most enjoyable of the entire season.

### City Hall Cold.

The city building was so cold this morning that a number of the employees about city hall could not perform their regular duties. It is argued that there should be a change in the janitorship of the city building.

### Furnishing Gas For Fuel.

A. B. Smith's gasser on the Grant farm about a mile and a half from Irondale is furnishing the East Ohio Sewer Pipe works with gas. There is a pressure of 100 pounds coming from the well.

### City Estimates Made.

The finance committee of council met last night in Auditor C. R. MacGregor's office and made estimates on the appropriations for the different departments for the next six months.

### Collision Near the Shops.

A pony engine ran into a caboose this morning near the shops, and in consequence there was quite a tearup. The services of the wreck train were required to clean away the debris.

### WELLSVILLE SHORT STORIES.

Miss Flora Blaine is visiting Wellsville friends.

Mrs. O. E. Sanford, of Commerce street, is ill.

Miss Flossie White, of Commerce street, is ill with grip.

Miss Zanie Quail, of Tenth street, is quite ill with pneumonia.

James Millholland, of Cadiz Junction, is in town, the guest of friends.

Miss Helen Russel, of Front street, will entertain the Tuesday Night club this evening.

Morris Kenney, of Short street, who has been ill with typhoid fever, is slowly improving.

Laborers are at work repairing the roof of the round house which collapsed a few days ago.

G. W. Runyon, of Eighteenth street, was taken quite ill this morning and is confined to his home.

The sons of William Stilwell, of Eleventh street, who were seriously affected with measles, are improving.

Miss Tillie Denunier, of McKeesport, will be the guest of Miss Stella Donnelly, of Tenth street, over Sunday.

Arthur Baddley and F. S. Woodburn, of Commerce street, were hunting near Port Homer and caught eleven rabbits.

The ice is gorged in the river in the vicinity of Eighteenth street, and closed. The gorge extends far up the river.

William Ewing, of the Brick row, will move to the Mrs. Cora Blakely property on Fourteenth street, next week.

Monroe Patterson and wife, of the Wellsville China company, will leave for Florida Monday to spend a few weeks.

Miss Emma James, of the decorating department of the Wellsville China Co., is again on duty after a few days' illness.

Grandmother Hyatt, of Kelly avenue, has gone to Parkersburg to spend the remainder of the winter with her daughter.

George Cope, of Baltimore, is here looking after the estate of James Clark, the old time printer, and will settle up his affairs.

Contractor H. S. Rinehart got in 25 new Indian drivers for his teams this morning, and they will be put to work Monday morning.

William Barcus, of Eighteenth street, an employe of the railroad shops has returned to work after an illness of four weeks.

James Baum's son, on Ninth street, is critically ill and his life is now despaired of. It is thought he will die before the day is over.

Robinson Downer, living near Eighteenth street, fell on the street and injured his right arm and shoulder. He will be off duty for some days.

Fred Mabey, of lower Main street, has returned from a visit with relatives at Dayton, and has again resumed his position on the C. & P. as a brakeman.

Miss Mary Mullinep, of Kelly avenue, leaves today for her former home at Cottageville, W. Va. Her sister, Miss Julia, will accompany her as far as Wheeling.

C. H. Salyers, a former contractor of Wellsville, tried to reach his home at Lexington, Ky., but was quarantined at Kenova, W. Va., on account of smallpox and failed to get through to his destination.

### TWO BALLOT BOXES TO BE PROVIDED

Device Will Be Necessary if the Spring Elections Are Abolished.

Columbus, January 16.—(Special.)—

Separate ballot boxes is the contrivance by which it will be tried to keep municipal and state elections apart, if spring elections are abolished, as provided in the bill which is to be introduced by Senator Shallenberger, of Cleveland. The general proposition to do away with spring elections has the approval of Senator Hanna, to whom Senator Shallenberger showed his bill.

A number of the Republican leaders favor the measure for political reasons. They figure that it would be the means of increasing considerably the number of Republican mayors in Ohio. The Republicans, often only after great effort, but in some way, usually succeed in getting the bulk of their voters to polls in November. They are almost uniformly not so successful in April.

Tom Johnson was elected to a second term as mayor of Cleveland because he got his followers to the polls, while a big section of the Republican strength stayed at home. Independent voters are staunch advocates of separate elections for local officers, so that only local issues will enter into the campaign for city and village officers, and partisans may be induced to scratch tickets.

Usually partisans vote their party ticket straight in state and national elections, but often do not in city elections. That they still may have a chance to cross over party lines in local contests, without being tempted to scratch their state tickets, the Shallenberger bill provides for separate ballot boxes for city, county and state tickets, though municipal, county and state officers are to be elected on the same day, in November.

It is proposed to extend the terms of present city and village officers which expire in May, 1905, to November, 1905.

Of course, this would include Mayor Tom Johnson, of Cleveland. If Senator Hanna continues to favor the bill, the singular result may be reached of Tom Johnson being given a six months' term of office by his dear friend and enemy, Mark Hanna.

### CONSERVATIVE AND RELIABLE

The Pittsburg Times is a Newspaper for People Who Are Particular.

The Pittsburg Times is a conservative, careful newspaper for particular people. Its statements of fact and comments on them are concise and correct. Its departments are in charge of experts, and its authority in all matters pertaining to the events of the world at large and of the community it represents more particularly is recognized. It has no Sunday edition, and its position in that regard in Pittsburg is as unique as its thorough reliability in every way. Staunchly Republican in political policy it yet gives all the news of all parties. Its moral tone is high and churchmen of every creed find in its columns more news of their interests and work than in all its contemporaries combined. Sports are given the prominence they deserve and no more. The news concerning them is bright, timely and adequate, for the work is done by a master. Theaters have truth told about them. So-

## WELLSVILLE AND VICINITY

### THE BELT LINE WILL NOW BE CONSTRUCTED

Last Obstacle Removed—Its Completion Will Boom the City's Industries.

The big switch back of town which runs nearly the entire length of the city, passing the different potteries and other plants located in that section, will now be completed, as the Pennsylvania company has effected a settlement with Charles Lawson and others who have held the property necessary for its completion and egress to the main line at the upper end of the spur.

The news will be gratifying to the large number of manufacturers located along this long switch, and without doubt many new manufactories will now be erected in this section which has many desirable sites, and with the railway outlet will have ample room. The plants heretofore have been compelled to huddle up near the end of the spur and quite a number have been erected there in the short cramped space afforded.

It is the intention also of one or two of the potteries to enlarge their plants as soon as the switch is completed. This no doubt will be done right away by the Pennsylvania company, as it has been working for quite a number of months to secure the coveted right of way which will connect the switch with the spur now running from the main line to the Hygienic ice plant and thence down through the Lawson property to the long piece of track already built in the rear of Coal street.

### FAT POCKETBOOK

Found on Main Street By a Traveling Man Restored to Its Owner.

A traveling man who has been in East Liverpool for some days, a guest at the Hotel Edwards, was in Wellsville yesterday afternoon on business, and while sauntering along Main street in the West End near the lower depot picked up a pocketbook on the street.

Investigating he found the pocketbook contained \$75 in cash, a pair of gold spectacles and a railway ticket. He took the pocketbook and contents to city hall, where finally a woman claimed the goods.

### A Genuine Hand-Out.

Two hoboes who were "panhandling" citizens yesterday evening in the vicinity of Eighteenth street for money to obtain meals and lodging, ran up against a colored individual who gave one of them a doublet handout in the way of a good, strong hearty punch, which put him out of the business. The two were afterwards arrested, and are now in jail.

### The Walker Plant.

The Walker plant of the American Sewer Pipe company has been closed down for some time for repairs. During the shutdown a general overhauling of the plant will occur. It is not thought by those closely connected with the plant that it will resume before April 1, the shutdown being indefinite.

### After Oklahoma Leases.

A. B. Smith, of Wellsville, the well known oil operator, has gone to Oklahoma territory to secure a block of leases. He will use a Standard machine in drilling.

A. B. Smith has a new location on the Noble farm near Irondale and will begin drilling shortly.

### Friars' Club Reception.

The Friars' club will hold a reception and soiree next Tuesday night in their club rooms in honor of one of their charter members, Thomas

Leith, Jr., and wife. The affair promises to be one of the most enjoyable of the entire season.

### City Hall Cold.

The city building was so cold this morning that a number of the employees about city hall could not perform their regular duties. It is argued that there should be a change in the janitorship of the city building.

### Furnishing Gas For Fuel.

A. B. Smith's gasser on the Grant farm about a mile and a half from Irondale is furnishing the East Ohio Sewer Pipe works with gas. There is a pressure of 100 pounds coming from the well.

### City Estimates Made.

The finance committee of council met last night in Auditor C. R. MacGregor's office and made estimates on the appropriations for the different departments for the next six months.

### Collision Near the Shops.

A pony engine ran into a caboose this morning near the shops, and in consequence there was quite a tearup. The services of the wreck train were required to clean away the debris.

### WELLSVILLE SHORT STORIES.

Miss Flora Blaine is visiting Wellsville friends.

Mrs. O. E. Sanford, of Commerce street, is ill.

Miss Flossie White, of Commerce street, is ill with grip.

Miss Zanie Quail, of Tenth street, is quite ill with pneumonia.

James Millholland, of Cadiz Junction, is in town, the guest of friends.

Miss Helen Russel, of Front street, will entertain the Tuesday Night club this evening.

Morris Kenney, of Short street, who has been ill with typhoid fever, is slowly improving.

Laborers are at work repairing the roof of the round house which collapsed a few days ago.

G. W. Runyon, of Eighteenth street, was taken quite ill this morning and is confined to his home.

The sons of William Stillwell, of Eleventh street, who were seriously afflicted with measles, are improving.

Miss Tillie Denunier, of McKeesport, will be the guest of Miss Stella Donnelly, of Tenth street, over Sunday.

Arthur Baddley and F. S. Woodburn, of Commerce street, were hunting near Port Homer and caught eleven rabbits.

The ice is gorged in the river in the vicinity of Eighteenth street, and closed. The gorge extends far up the river.

William Ewing, of the Brick row, will move to the Mrs. Cora Blakely property on Fourteenth street, next week.

Monroe Patterson and wife, of the Wellsville China company, will leave for Florida Monday to spend a few weeks.

Miss Emma James, of the decorating department of the Wellsville China Co., is again on duty after a few days' illness.

Grandmother Hyatt, of Kelly avenue, has gone to Parkersburg to spend the remainder of the winter with her daughter.

George Cope, of Baltimore, is here looking after the estate of James Clark, the old time printer, and will settle up his affairs.

Contractor H. S. Rinehart got in 25 new Indian drivers for his teams this morning, and they will be put to work Monday morning.

William Barcus, of Eighteenth street, an employe of the railroad shops has returned to work after an illness of four weeks.

James Baum's son, on Ninth street, is critically ill and his life is now despaired of. It is thought he will die before the day is over.

Robinson Downer, living near Eighteenth street, fell on the street and injured his right arm and shoulder. He will be off duty for some days.

Fred Mabey, of lower Main street, has returned from a visit with relatives at Dayton, and has again resumed his position on the C. & P. as a brakeman.

Miss Mary Mullinep, of Kelly avenue, leaves today for her former home at Cottageville, W. Va. Her sister, Miss Julia, will accompany her as far as Wheeling.

C. H. Salyers, a former contractor of Wellsville, tried to reach his home at Lexington, Ky., but was quarantined at Kenova, W. Va., on account of smallpox and failed to get through to his destination.

### TWO BALLOT BOXES TO BE PROVIDED

Device Will Be Necessary if the Spring Elections Are Abolished.

Columbus, January 16.—(Special).—Separate ballot boxes is the contrivance by which it will be tried to keep municipal and state elections apart, if spring elections are abolished, as provided in the bill which is to be introduced by Senator Shallenberger, of Cleveland.

The general proposition to do away with spring elections has the approval of Senator Hanna, to whom Senator Shallenberger showed his bill. A number of the Republican leaders favor the measure for political reasons. They figure that it would be the means of increasing considerably the number of Republican mayors in Ohio. The Republicans, often only after great effort, but in some way, usually succeed in getting the bulk of their voters to polls in November. They are almost uniformly not so successful in April.

Tom Johnson was elected to a second term as mayor of Cleveland because he got his followers to the polls, while a big section of the Republican strength stayed at home. Independent voters are staunch advocates of separate elections for local officers, so that only local issues will enter into the campaign for city and village officers, and partisans may be induced to scratch tickets.

Usually partisans vote their party ticket straight in state and national elections, but often do not in city elections. That they still may have a chance to cross over party lines in local contests, without being tempted to scratch their state tickets, the Shallenberger bill provides for separate ballot boxes for city, county and state tickets, though municipal, county and state officers are to be elected on the same day, in November.

It is proposed to extend the terms of present city and village officers which expire in May, 1905, to November, 1905.

Of course, this would include Mayor Tom Johnson, of Cleveland. If Senator Hanna continues to favor the bill, the singular result may be reached of Tom Johnson being given a six months' term of office by his dear friend and enemy, Mark Hanna.

### CONSERVATIVE AND RELIABLE

The Pittsburg Times is a Newspaper for People Who Are Particular.

The Pittsburg Times is a conservative, careful newspaper for particular people. Its statements of fact and comments on them are concise and correct. Its departments are in charge of experts, and its authority in all matters pertaining to the events of the world at large and of the community it represents more particularly is recognized. It has no Sunday edition, and its position in that regard in Pittsburg is as unique as its thorough reliability in every way. Staunchly Republican in political policy it yet gives all the news of all parties. Its moral tone is high and churchmen of every creed find in its columns more news of their interests and work than in all its contemporaries combined. Sports are given the prominence they deserve and no more. The news concerning them is bright, timely and adequate, for the work is done by a master. Theaters have truth told about them. Society and the affairs of women find careful and complete exposition. Industrial matters are accorded the prominence they merit in a Pittsburg paper, while the stock market is given the attention that has brought the Times into the front rank of financial authorities.

### A DOCTOR HAS FOUND AN ANTIDOTE.

"I know it is very unprofessional," said Dr. Karl Bauer, of North Port, "but I'm going to tell you how I cure Grip. There goes a funeral now. I'll wager it's a Grip victim. Thank goodness it's not patient of mine, for I haven't lost a case since I began using Brazilian Balm. O yes, it's a proprietary article and sold by druggists, but etiquette must stand aside before such a scourge as this. Why, this is the only thing known that kills the germ, hence it always prevents pneumonia and collapse. It takes a little time and people should get the 50 cent or \$1.00 bottle and stick to it till every vestige of the disease disappears, then no after bad effects will follow. For all diseases of the head, throat and lungs and for bronchitis, asthma, pleurisy and croup, it is simply incomparable."

What the Doctor says is true, and hundreds of other physicians are using Brazilian Balm, because it's the one thing that cures. Sold by druggists or sent on receipt of price.

## Proof that Consumptives Are Helping Themselves

More than Anyone Else is Helping Them.

Habit has long taught people not to strictly abstain of scientific achievement that consumption is incurable. In every little hamlet, some man faced, weary sufferer is known to be facing the indescribable tortures of the disease. In every such case by a majority of the acquaintances of the sufferer death is expected.

When a cure is ACCOMPLISHED its news travels. Enthusiasm is excited. Those who hear of it look about them for other cases. When the former sufferer resumes his work—which frequently means the support of a family, which otherwise might have been thrown on the charity of the cold world—his enthusiasm is natural and unbounded.

He helps others to benefit by the medicine that cured him and becomes a self-appointed missionary with the purpose of bringing Prof. Hoff's Prescription to the attention of every one he meets or hears of who is suffering from a chronic cough or cold, chronic bronchitis or consumption.

Since the cure of Frederick Hammann, who was sent to Prof. Hoff in Vienna at the expense of the New York Journal, this sort of thing has been happening all over the United States. Every city and every town has had its sensation in the cure of some pitiful patient who had been abandoned to the former common lot of consumptives.

In this wise a feeling of kinship—a vast brotherhood of relief has been rapidly founded which today is carrying on the most prodigious campaign against consumption that was ever begun.

It is the consumptives working for themselves.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y. Gentlemen, Through Mr. C. W. Munson, of Toledo, Ohio, my attention was some months ago called to your Hoff's Consumption Cure. Impressed by the wonderful cure, Mr. Munson's son, I have been constantly advertising it wherever I have gone, and have seen many consumptives cured through its use. Yours truly, J. L. MAIN, Anson, Kas.

MR. JOSEPH CLARK, 75 Ruggery Building, Columbus, Ohio. Dear Sirs, Enclosed find express order for one dollar, for which please send me one bottle of Prof. Hoff's Cure for Consumption. I must tell you I am still on the gain and feeling real well. I think one more bottle will make me a well man. Please send me one-half dozen circulars, for so many people want them. They all tell me I am cheating the graveyard and think it so strange to see me gaining so fast. They all say they thought my days were few in number and now they say, "You are going to get well, you look so much better." They all want to know what cured me, then I tell them of your great medicine and do all I can for you. Yours truly, J. L. MAIN, Anson, Kas.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y. Dear Sirs, I am having great demand for your books on consumption. Quite a number have asked me for a book, so I am going to take the liberty to ask you to send me two or three. The people here say they do not believe I ever had consumption, but they do not know what a wonderful medicine I found. Yours truly, MRS. GEO. BERRY, R. F. D. No. 1, No. Attleboro, Mass.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third Avenue and 10th Street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the well and favorably known firm mentioned below.

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well known druggists.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great body of honorable druggists do not stoop to substitution by selling something "just as good" that means more profit to them. The genuine Hoff cure can always be procured of the well-known druggists.

GOV. HERRICK'S ATTITUDE AS REGARDS PUGILISM

Is Not Different from That of His Predecessor and the Law Will Be Enforced.

The pugilists and fight promoters who have been hoping that since Herrick's election that prize fighting would be permitted in the state of Ohio under the new administration are doomed to disappointment. It was thought that Herrick would be more lenient than Nash and that as long as things were properly carried on would permit six-round bouts.

Governor Herrick yesterday announced that he would continue to follow the policy of Governor Nash in prohibiting prize fights. "I do not consider it necessary to outline the plans I will adopt in this connection," said he, "but the laws will be respected to the letter while they remain on the statute book."

No Basket Ball Game. The Akron basket ball team did not arrive and consequently there was no game at Rock Springs park pavilion last evening. The Akron boys started all right, but their train was so late they could not connect with the C. & P. Tickets will be good for admission to the game with the Fayette Athletic club of Pittsburg next Tuesday evening. The local team left today for New Wilmington, Pa., where tonight it will battle with the Westminster college five.

Seventeen Leagues This Year. The baseball season of 1904 will begin with 17 leagues, all of which are included in the national agreement not to steal one another's players and to respect contracts. This means 136 professional ball teams, or, counting 15 men to each club, a total of 2,040 players.

Same As Last Year. The Central league baseball magnates re-elected George W. Bement, Jr., of Evansville, president, and decided to continue the circuit as last year. The clubs will be Terra Haute, Evansville, Grand Rapids, South Bend, Fort Wayne, Marion, Dayton and Wheeling.

Y. M. C. A. vs. Nationals. At the Y. M. C. A. gymnasium tonight the Y. M. C. A. and National teams will contest. No admission will be charged. The gym has been renovated and there are far better accommodations than formerly, both for spectators and players.

SPORTING MISCELLANY. Ned Hanlon has made an offer for Catcher Bergen, of the Reds. Charley Mitchell is coming over from England with a bunch of fighters.

Chicago Nationals will train at Los Angeles, where Hart has a summer home. Joe Corbett has finally signed his St. Louis contract and it is on the way from the coast.

Hanlon signed his quartet of coast stars last summer through Bill Lange, but kept the fact secret. Connie Mack has signed another pitcher, W. S. Hartley, who twirled for the Harrisburg independent team last year.

Pitcher "Ace" Stewart, who fooled the Reds, was released by the Nationals.

Ostrich Logic. "When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the hunter. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the enemies which can't be seen, the disease breeding microbes which infect the blood. It is harder to get the microbe out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does both, by purifying the blood and then keeping it pure.

If there are eruptions on the skin, boils, pimples, sores or other signs of impure blood, use Doctor Pierce's Golden Medical Discovery, which will purify the blood and cure the eruptions which come from it.

"My blood was all out of order, and I had to go to the doctor," writes Mrs. James R. Moss, New London, St. Louis, Mo. "He gave me medicine which helped me for a short time. In the winter of 1895 I got worse than I had ever been. My tonsils were enlarged and my neck swollen all out of shape; my throat was sore and I could not cure it. My husband went for the doctor, but he gave me no encouragement. He helped me for twelve months, when I heard of a lady whose condition was like mine, who was taking your medicine and was getting well. So I secured some of the medicine and began taking it in one week. I was able to do my cooking. When I began taking the medicine I could sit up only a few minutes at a time, and I could rest or sleep only a little while at a time. My throat was so sore at times I could not even swallow sweet milk, and my tonsils were full of little cutting sores. My left side was swollen out of shape and I could hardly get my breath. The doctor said I would not get well, but three bottles of Dr. Pierce's Golden Medical Discovery, three bottles of his Pellets, three bottles of Dr. Sage's Catarrh Kennedy and the use of salt water did the work and cured me."

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

THE BOND LIMIT Proposition to Increase the Power of Councils Not Looked Upon With Favor. The proposition to increase the bond limit fixed by the municipal code and to give the city councils a wider latitude in incurring indebtedness than they now possess will not be regarded with favor by the great body of the business men of Ohio cities. The present regulation is very liberal, says the Ohio State Journal. If great improvements are necessary, the cost of which go beyond the limitations now placed on the council's power, it is but fair and right that the citizens of a municipality should have the right to vote directly on the proposition at a general election.

Corner Sixth and West Market Sts. Alex Baker Describes the Winter as Experienced in the Alleghenies. Alexander Baker, the well known carpenter contractor, who has been spending several weeks in the Allegheny mountains, writes from Milford Station, Pa., an interesting letter to the News Review as follows: I promised to write an account of this country. This is a beautiful region. The pine trees stick their tops out of the woods all over the country and there are some of the finest farms here that you ever saw. You can go up to Somerset and see with the naked eye for miles and miles on clear days. Somerset is a great summer resort. There is one hotel with 268 rooms and it stands on the highest point in the Allegheny mountains, but no one needs to come up here now for pleasure. The snow is 37 inches deep and still snowing hard. The roads are drifted to the depth of from four to eight feet. You can hardly get outside of the house. The farmers do not do anything up here in winter but feed their stock and sit around the fire and smoke their pipe. They are as happy as bees. You can state if this snow goes off with a rain or a quick thaw the Ohio valley will get one of the worst floods it ever saw. There are three or four gorges of ice in the Youghiogheny river the biggest I ever saw. We are on the Casselman river and at present we are snowbound and cannot do anything at all. The farmers say this may last for two or three weeks. It takes three engines to pull three or four cars up the mountain and trains are all from four to six hours late. We scarcely get any mail at all. I will say to your credit that we never missed getting the News Review, and you do not know how we appreciate our home paper. You will hear from me soon again. ALEX BAKER.

ANTHRAX IN OHIO A MOST DEADLY DISEASE The Ailment Attacks Both Animals and Human Beings and is Usually Fatal. The annual report of the state live stock commission has been filed by W. W. Miller, secretary of the state board of agriculture. It is written mainly by Dr. Fischer, the state veterinarian. In his report Dr. Fischer says that anthrax, which he claims is the most dangerous disease of animals, made its appearance in the state during the year. It is highly infectious, attacks wild and domestic animals and human beings as well. It is almost always fatal. The outbreak was on the farm of John Henry, near Hudson, late in the summer. A number of cattle died of the disease, but it was finally stamped out. The diagnosis was proved beyond a doubt. The government reports state that a million dollars worth of domestic animals have been lost through this disease in Arkansas, Louisiana, Mississippi and Texas. The origin of the disease in this state is not known. Dr. Fischer thinks it probable that there is a district of infection in the state. About 30 horses were ordered killed and destroyed by the department through the year, the total value of which was \$3,020. In regard to rabies Dr. Fischer states that in his opinion there ought to be a law requiring all dogs, especially in cities and villages, to be muzzled in certain seasons of the year. This should do more to stamp out rabies than all the live stock commissions could do. The prevalence of bovine tuberculosis in the state is referred to and it is suggested that the commission ought to have at least \$50,000 in its hands with which to begin the fight against this disease. They spent last year \$1,545.26.

## IT IS YOUR KIDNEYS

says the Romoc man, to a fellow traveller, in a parlor car, and that means your blood is out of order. Those kidneys of yours cannot pass every ounce of the blood that is in your body through their delicate tissues many times a day without becoming contaminated and diseased, if that same blood is surcharged

with poisonous secretions. Make your blood pure; tone up your stomach; help all the vital organs of your body to dispel the false secretions in a manner that Nature intended should be followed out, and you cease to know pain.

Ask for ROMOC LAXATIVE TABLETS—SURE CURE FOR CONSTIPATION. We have investigated Romoc. We know that all that is said by the Romoc man pertaining to this wonderful remedy is true, and we will refund to anyone the price of the remedy not satisfied with the results obtained. Remember, Romoc is guaranteed and sold by

CHAS. F. CRAIG, 5th and Market Sts.

## MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

**M**ENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a pitiable contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui.

Miss Ida M. Snyder.

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicine, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

In consulting with the druggist he advised McElroy's Wine of Cardui and Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Theodor's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

# Dr. Greene's NERVURA

BLOOD & NERVE REMEDY.

## CHIEF OF POLICE

**Ringing Words Advising People to Use Dr. Greene's Nervura.**

**From His Statement No One Can Doubt that Dr. Greene's Nervura Is the Surest and Best Remedy in the World to Cure.**

Chief of Police Henry W. Mason, of New Bedford, Mass., writes to the people:

"It gives me pleasure to add my testimony in this brief note to that of many others, of the high esteem in which Dr. Greene's Nervura blood and nerve remedy is held in this community. The fact that it is the prescription of a regular physician adds to the confidence in which it is held by the public. I have given Dr. Greene's Nervura to a personal friend who is ill, and was rejoiced to hear from his own lips an account of the benefit he had received. From report and experience, no doubt exists of the great value of Dr. Greene's Nervura, which I recommend."

HENRY W. MASON,  
Chief of Police of New Bedford, Mass."

This is your golden opportunity to be cured, and Dr. Greene's Nervura is the remedy to cure you. It is beyond all question the grandest remedy and surest cure the world has ever known, and if you are ailing, out of health, do not feel just right, or if you are weak, tired, nervous, run down, depressed and discouraged, you should get this wonderful medicine at once.

For nervous prostration, insomnia, rheumatism, weakness, and debility, it is the sovereign remedy. It makes the nerves strong, the muscles vigorous, the brain clear, the blood pure and rich—in fact, it will make you well and strong.

## Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE,"  
A SAFE, SURE AND HARMLESS SPECIFIC.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and staggers the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary. "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

**CURE GUARANTEED OR MONEY REFUNDED.**  
Mr. E. T. Sims, Brooklyn, N. Y., writes: "I was a name as a twenty-year drunkard restored to health and happiness by four boxes of 'ORRINE.' It is a wonderful and marvelous cure for the drink habit."

Mrs. E. Wychell, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of 'ORRINE.'"

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE.' He is now fully restored to health and has no desire for drink."

Dr. U. L. W., Kansas City, Mo., writes: "I am satisfied that drunkenness is a curable disease of the nervous system. 'ORRINE' in my opinion, will cure any case if taken as

you direct. I was a common drunkard for twenty years, but to-day I am free of any desire for liquor. You have found the specific. God bless you!"

Mr. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving; it would steal and lie to get whiskey. Four boxes of 'ORRINE' cured me of all desire and I now hate the smell of liquor."

Price \$1 per box, 6 boxes for \$5. Mailed in plain, sealed wrapper by Orrine Company, 817 14th street, Washington, D. C. Interesting booklet (sealed) free on request. Sold and recommended by

## MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

Miss Ida M. Snyder.

Menstrual irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a pitiful contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

## WINE of CARDUI

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.

When you ask for Mrs. Austin's Pancake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

## THE CARNATION AS OHIO'S FLOWER

HON. E. W. HILL PROPOSES A BILL TO MAKE IT SO.

Movement to Adopt It Quite Likely to Meet With Public Favor.

Columbus, January 16.—(Special.)—Representative E. W. Hill, of Columbia county, will introduce a measure in the house making the carnation the state flower of Ohio. It is his intention to submit it and have it enacted into a law on January 29, the anniversary of the birthday of the late President McKinley. Admirers of the martyred president regard with favor the proposal to make this flower the state flower. It would be a tribute to his memory and also a delicate compliment to Mrs. McKinley. Objection is raised to making the buckeye the state flower because it is neither beautiful, valuable as a wood, or as an edible, and above all, its disagreeable odor precludes the possibility of it being a prime favorite.

The carnation is as much an Ohio product as the buckeye, is delicate, beautiful and fragrant. The adoption of this flower as the Ohio flower would not put any expense on the state. The Carnation league of America, on the last anniversary of the birthday of McKinley, inaugurated a custom which insures a perennial observance of the day. The movement for the adoption of the carnation as the Ohio flower would be in harmony with the spirit of patriotism promulgated by the carnation league.

## LAST HIS FRIENDS SAW OF HOMER H. SWANEY

He Was Standing on the Deck of the Doomed Boat With a Life Preserver.

John W. Hall, of East Fifth street, has just received a letter from his daughter, Miss Sara, who was visiting the home of Mr. and Mrs. Homer H. Swaney, of Seattle, at the time the latter lost his life when the steamer Clallam, on which he was a passenger, went down, near Victoria. On the Sunday preceding the catastrophe Mr. and Mrs. Swaney and Miss Hall went to Port Townsend to visit friends and Miss Swaney remained there when her aunt and uncle returned home. Mr. Swaney a few days later received a message that called him to Victoria on very urgent business and he boarded the steamer Clallam at Seattle to go to Victoria. The boat touched at Port Townsend the night before the disaster, but Miss Hall did not state whether or not she saw her uncle at that time.

Among the passengers rescued were several who saw Mr. Swaney just a few moments before the boat went down. He was on the lower deck and had a life preserver, but did not jump into the water when the others did and he was last seen standing on the deck.

### SOME ICE MOVES

But the Big Gorges in the River Are Likely to Hold a While.

For a time today it looked as though the ice gorges in the river would be broken up and the thawing weather did have the effect of moving considerable quantities of ice from the vicinity of the wharf boat.

There is an immense gorge at Walker and there is no danger of it breaking unless there is continued warm weather or a rise in the river.

### Price of Coal Reduced.

Columbus, Jan. 16.—As a result of overproduction Ohio operators have reduced the price of coal at the mines from 10 to 25 cents per ton. The prevailing price for lump coal at the mines now is \$1.50 per ton.

### SOCIAL EVENTS

## HOSPITAL OPENING SET FOR MARCH

A Grand Bazaar Will Be Held on Completion of the New Buildings.

The hospital buildings being erected on West Sixth street are fast approaching completion, and the Hospital association will open the new buildings to the public with a fine bazaar on March 24, 25 and 26.

A meeting of the executive committee of the association was held last evening and arrangements for the bazaar were completed. There will be many attractions which are not all as yet to be made known to the public. A fancy work booth will be one of the interesting features to ladies in the city, and donations to the booth will be received at any time by members of the association. One of the finest affairs of the entire three days will be the suppers which will be given on the evenings during the fair. On Thursday evening a chicken supper will be given, on Friday evening an oyster supper and on Saturday evening a bean bake. Admission to the bazaar will be 10 cents and the supper will be 25 cents.

It will be an event in which greater East Liverpool will be interested, and will patronize, since it is in behalf of an institution and association noble in its purpose. Last evening members of "The Girls" club proved itself a charitable association as well as a social club, as it presented the sum of \$11 to the association. The amount was a part of the proceeds from the leap year dance given at Rock Springs on January 5.

The Woman's Relief Corps has done much for the hospital cause, and has presented \$135 to the association, the proceeds of the late rummage sale. Such donations and any others which the charitable people of the city may give will be a great benefit to the new hospital and city at large, and will be gratefully received.

### SLEIGHING PARTY

High School Students the Guests of Miss Ethel Boyd on Her Birthday.

The young people of the city during the past week have been taking advantage of the good sleighing and a number of sleighing parties have gone out several miles into the country where, at country homes, good old-fashioned suppers were served. Several similar sleighing parties are being arranged for the coming week, providing the sleighing is not spoiled by rain. Quite a number of the young people are eager for another snow storm.

One of the most jolly sleighing parties of the week was given yesterday by Miss Ethel Boyd at her home about two miles out on the camp ground road. It was a pleasant celebration of Miss Boyd's fifteenth birthday and will not soon be forgotten by Miss Boyd and her friends. The hostess, who is a sophomore in the high school, decided to entertain the girls and boys

of her class, the A sophomores, at her home.

Immediately following the dismissal of school last evening a good-sized bob sled drew up to the Central school building and the jolly crowd was conveyed by Mr. Boyd to the pretty country home of their school-mate.

It was 4:30 when the happy students were greeted pleasantly by their hostess and the fun began. Games of various kinds were played until 6 o'clock when the young people were invited to partake of a fine country supper. After spending some time enjoying the repast, the telling of stories and old fashioned games, like spinning the tin pan, were resumed. After a very happy evening the crowd was again conveyed to the city in the big sled, with Mr. Boyd as driver and escort.

### A Permanent Club.

"The Girls," of this city, have been considering the organization of their club permanently for the year 1904. The idea would be to give a series of leap year parties. There are at present nine charter members and several more may be added at the next meeting. Arrangements will probably be made for the club meeting during the coming week which was postponed from last week.

### Gave a Sleighing Party.

Miss Ilda Dean this afternoon gave a sleigh ride to 15 boys, members of her Sunday school class, at the First M. E. church. Upon their return to the city they will go to Miss Dean's home on Broadway, where a lunch will be served.

### New Century Club.

The New Century club met this afternoon at the residence of Mrs. Metz, on Fifth street. The time was spent in enjoyment of an excellent literary program.

### MORE BODIES RECOVERED.

**Evidence in Clallam Inquest Adverse to Captain.**

Victoria, B. C., Jan. 16.—The tug Albion recovered two more bodies of victims of the Clallam disaster. They were those of Harvey Sears, stevedore, and R. Campbell, passenger.

Evidence was given by Richard Griffith, one of the crew of the Clallam, at the inquest, that one of the seamen took the ensign from its box and was hauling it to half mast upside down, when Captain Roberts ordered him to take it down and put it upright, as if nothing was the matter. About that time a steamer, which witness took to be a collier, passed about three miles away.

Captain Roberts said that he was wrong and about 10 minutes later allowed the sailor to put up the flag in a reversed position. Griffith said Captain Roberts was excited when the boats were located. Griffith had no hope that the boats would live, and advised people not to go in them. He said no steps were taken to rescue those in the water after the first boat had capsized, although they were alongside the steamer. There were no rockets or blue fires or other signals on board as far as he knew. The rudder was known not to be in good condition and the steamer would not steer well.

### ULTIMATUM FOR POPE.

**France Dictates Selection of Bishops for Vacant Sees.**

Rome, Jan. 16.—The French government has presented the vatican with a note in the nature of an ultimatum regarding the appointment of bishops to five vacant sees, substantially saying that either the pope must approve the selections of the French government or they will be announced officially without approbation of the holy see. In addition the papal nuncio will be asked to leave Paris and the clergy will be forbidden to collect Peter's pence in the churches, but the Concordat will not yet be denounced.

### SORROW FOR BUSHNELL.

**Springfield, His Home Town, Manifests Esteem for Him.**

Springfield, O., Jan. 16.—The body of former Governor Asa S. Bushnell arrived from Columbus in a private car. The arrival of the train was announced by the tolling of bells and the firing of 17 guns, which was the signal for a crowd of several thousand citizens to assemble at the railway station.

Mitchell Post, G. A. R., and two companies of the O. V. I. acted as an escort in conveying the body to the Bushnell home in East High street. J. F. McGraw, a son-in-law of Governor Bushnell, said that the funeral service would probably be held Monday afternoon at 2 o'clock at Christ Episcopal church. The body will lie in state from 9 o'clock Monday morning to 1 o'clock in the afternoon. The Masonic orders and the national guard will be in charge at that time. General Bushnell was a thirty-third degree Mason. Word was received that Senator and Mrs. Foraker will attend the funeral.

A public meeting will be held to take action on his death and the factories of the city will probably be closed for the funeral day.

### Fatal Accident at Charleroi.

### GRATEFUL FOR SYMPATHY.

**Former President and Mrs. Cleveland Make Public Statement.**

Princeton, N. J., Jan. 16.—Ex-President and Mrs. Cleveland have given out a statement expressing their gratitude for the sympathy conveyed to them on the recent death of their eldest daughter, Ruth. The statement follows:

"Mr. and Mrs. Cleveland, in appreciation of the kind messages of affection and sympathy they have received in their recent bereavement, desire through the press to make the following expression of their gratitude:

"The warmth of sympathy and tender sentiment which has penetrated the gloomy chill of our sorrow has caused us to know as never before and so impressively as never to be forgotten the generous sensibility of our country's manhood and womanhood. From the chief executive of the nation and from those in every station in life to the humblest citizen of our land, from the intimacy of closest friendship and from the kinship which humanity finds in grief, have come to us thousands of messages of kindness and condolence. They have touched our hearts with affectionate gratitude.

"It would be a great satisfaction if we could give personal and direct assurance of our appreciation of those comforting words to each of those who have thus opened their hearts to us. Since this is impossible, we are led to hope that this public expression will none the less be accepted by them individually as a heartfelt and deeply grateful acknowledgement from a stricken and grievously afflicted household."

## SOCIAL EVENTS

### HOSPITAL OPENING SET FOR MARCH

A Grand Bazaar Will Be Held on Completion of the New Buildings.

The hospital buildings being erected on West Sixth street are fast approaching completion, and the Hospital association will open the new buildings to the public with a fine bazaar on March 24, 25 and 26.

A meeting of the executive committee of the association was held last evening and arrangements for the bazaar were completed. There will be many attractions which are not all as yet to be made known to the public. A fancy work booth will be one of the interesting features to ladies in the city, and donations to the booth will be received at any time by members of the association. One of the finest affairs of the entire three days will be the suppers which will be given on the evenings during the fair. On Thursday evening a chicken supper will be given, on Friday evening an oyster supper and on Saturday evening a bean bake. Admission to the bazaar will be 10 cents and the supper will be 25 cents.

It will be an event in which greater East Liverpool will be interested, and will patronize, since it is in behalf of an institution and association noble in its purpose. Last evening members of "The Girls" club proved itself a charitable association as well as a social club, as it presented the sum of \$11 to the association. The amount was a part of the proceeds from the leap year dance given at Rock Springs on January 5.

The Woman's Relief Corps has done much for the hospital cause, and has presented \$135 to the association, the proceeds of the late rummage sale. Such donations and any others which the charitable people of the city may give will be a great benefit to the new hospital and city at large, and will be gratefully received.

### SLEIGHING PARTY

High School Students the Guests of Miss Ethel Boyd on Her Birthday.

The young people of the city during the past week have been taking advantage of the good sleighing and a number of sleighing parties have gone out several miles into the country where, at country homes, good old-fashioned suppers were served. Several similar sleighing parties are being arranged for the coming week, providing the sleighing is not spoiled by rain. Quite a number of the young people are eager for another snow storm.

One of the most jolly sleighing parties of the week was given yesterday by Miss Ethel Boyd at her home about two miles out on the camp ground road. It was a pleasant celebration of Miss Boyd's fifteenth birthday and will not soon be forgotten by Miss Boyd and her friends. The hostess, who is a sophomore in the high school, decided to entertain the girls and boys

of her class, the A sophomores, at her home.

Immediately following the dismissal of school last evening a good-sized body sled drew up to the Central school building and the jolly crowd was conveyed by Mr. Boyd to the pretty country home of their schoolmate.

It was 4:30 when the happy students were greeted pleasantly by their hostess and the fun began. Games of various kinds were played until 6 o'clock when the young people were invited to partake of a fine country supper. After spending some time enjoying the repast, the telling of stories and old fashioned games, like spinning the tin pan, were resumed. After a very happy evening the crowd was again conveyed to the city in the big sled, with Mr. Boyd as driver and escort.

### A Permanent Club.

"The Girls," of this city, have been considering the organization of their club permanently for the year 1904. The idea would be to give a series of leap year parties. There are at present nine charter members and several more may be added at the next meeting. Arrangements will probably be made for the club meeting during the coming week which was postponed from last week.

### Gave a Sleighing Party.

Miss Hilda Dean this afternoon gave a sleigh ride to 15 boys, members of her Sunday school class, at the First M. E. church. Upon their return to the city they will go to Miss Dean's home on Broadway, where a lunch will be served.

### New Century Club.

The New Century club met this afternoon at the residence of Mrs. Metz, on Fifth street. The time was spent in enjoyment of an excellent literary program.

### MORE BODIES RECOVERED.

Evidence in Clallam Inquest Adverse to Captain.

Victoria, B. C., Jan. 16.—The tug Albion recovered two more bodies of victims of the Clallam disaster. They were those of Harvey Sears, stevedore, and R. Campbell, passenger.

Evidence was given by Richard Griffith, one of the crew of the Clallam, at the inquest, that one of the seamen took the ensign from its box and was hauling it to half mast upside down, when Captain Roberts ordered him to take it down and put it upright, as if nothing was the matter. About that time a steamer, which witness took to be a collier, passed about three miles away.

Captain Roberts saw that he was wrong and about 10 minutes later allowed the sailor to put up the flag in a reversed position. Griffith said Captain Roberts was excited when the boats were located. Griffith had no hope that the boats would live, and advised people not to go in them. He said no steps were taken to rescue those in the water after the first boat had capsized, although they were alongside the steamer. There were no rockets or blue fires or other signals on board as far as he knew. The rudder was known not to be in good condition and the steamer would not steer well.

### ULTIMATUM FOR POPE.

France Dictates Selection of Bishops for Vacant Sees.

Rome, Jan. 16.—The French government has presented the vatican with a note in the nature of an ultimatum regarding the appointment of bishops to five vacant sees, substantially saying that either the pope must approve the selections of the French government or they will be announced officially without approbation of the holy see. In addition the papal nuncio will be asked to leave Paris and the clergy will be forbidden to collect Peter's pence in the churches, but the Concordat will not yet be denounced.

### SORROW FOR BUSHNELL.

Springfield, His Home Town, Manifests Esteem for Him.

Springfield, O., Jan. 16.—The body of former Governor Asa S. Bushnell arrived from Columbus in a private car. The arrival of the train was announced by the tolling of bells and the firing of 17 guns, which was the signal for a crowd of several thousand citizens to assemble at the railway station.

Mitchell Post, G. A. R., and two companies of the O. V. I. acted as an escort in conveying the body to the Bushnell home in East High street. J. F. McGrew, a son-in-law of Governor Bushnell, said that the funeral service would probably be held Monday afternoon at 2 o'clock at Christ Episcopal church. The body will lie in state from 9 o'clock Monday morning to 1 o'clock in the afternoon. The Masonic orders and the national guard will be in charge at that time. General Bushnell was a thirty-third degree Mason. Word was received that Senator and Mrs. Foraker will attend the funeral.

A public meeting will be held to take action on his death and the factories of the city will probably be closed for the funeral day.

### GRATEFUL FOR SYMPATHY.

Former President and Mrs. Cleveland Make Public Statement.

Princeton, N. J., Jan. 16.—Ex-President and Mrs. Cleveland have given out a statement expressing their gratitude for the sympathy conveyed to them on the recent death of their eldest daughter, Ruth. The statement follows:

"Mr. and Mrs. Cleveland, in appreciation of the kind messages of affection and sympathy they have received in their recent bereavement, desire through the press to make the following expression of their gratitude:

"The warmth of sympathy and tender sentiment which has penetrated the gloomy chill of our sorrow has caused us to know as never before and so impressively as never to be forgotten the generous sensibility of our country's manhood and womanhood. From the chief executive of the nation and from those in every station in life to the humblest citizen of our land, from the intimacy of closest friendship and from the kinship which humanity finds in grief, have come to us thousands of messages of kindness and condolence. They have touched our hearts with affectionate gratitude.

"It would be a great satisfaction if we could give personal and direct assurance of our appreciation of their comforting words to each of those who have thus opened their hearts to us. Since this is impossible, we are led to hope that this public expression will none the less be accepted by them individually as a heartfelt and deeply grateful acknowledgement from a stricken and grievously afflicted household."
